Auto to Your Right Has 'Right of Way'

Rule for Unmarked Streets Applies at 4-Way Stops

Who has the right of way at a four-way stop street or at an intersection where neither street is marked a stop street?

Evidence that numerous drivers do not know the general law fitting this situation is displayed almost daily at one of the city's best-known four-way stop streets—Pearl and W. Columbia Sts., or in the frequent collisions at alley intersections and other unmarked cross streets in the city.

—:—

BOTH OHIO LAW and Marion city law clearly point out that as a general rule, the driver approaching from the right has the right of way. This applies at both four-way stop streets or street intersections where no stop street is marked. At an alley-street intersection, the law is that street traffic approaching from either direction has the right of way. This applies also at intersections of private drives with streets.

Police Chief Thomas Coon notes that anyone violating this general law—that the driver on the right has the right of way—is subject to arrest and prosecution accompanied by a possible fine in Municipal Court.

—:—

HOWEVER, IF ONLY one of two intersecting streets is marked a stop street, traffic on the through street has the legal right of way, and where a traffic control device exists, traffic having the green or flashing amber light — not the flashing red light—has the right of way.

There apparently is no controlling law for such instances in which there are cars approaching from all four directions at one time at a four-way stop street—such as frequently happens at Pearl and W. Columbia St.

In this case, to save confusion and possible collisions, Police Chief Thomas Coon suggests the driver traveling west on W. Columbia St. proceed first, but with "due caution" to make certain no other driver takes the initiative first. After the westbound car has cleared the intersection, the remaining three drivers may proceed by observing the rule, "the car to the right has the right of way."

AN EXAMPLE of "how not to do it" is illustrated in this view of a four-way stop street at Pearl and W. Columbia Sts. when three cars pulled up to the intersection at the same time. Driver of the car proceeding through the intersection from the left failed to observe the rule "the car on the right has the right of way," and could have been arrested for violation of both city and state laws.

Proposal on Communism May Be Presented by U.S. In S. America on Monday

Stevens' Aide Quits, Blasts 'Higher-Ups'

Says His Boss Failed To Receive Backing in Battle With McCarthy

WASHINGTON (AP)—One of Secretary of the Army Robert T. Stevens' chief aides has resigned deploring what he termed a lack of "full fighting support" from higher up for Stevens in his troubles with Sen. McCarthy (R-Wis).

John F. Kane, a special assistant under Stevens and before that under former Army Secretary Frank Pace, announced his resignation from his $10,000-a-year job yesterday in a letter congratulating Stevens and "the gallant battle you are trying to put up for the Army."

Didn't Name Official

Kane, reached by phone, did not say which of Stevens' superiors he felt hadn't rallied to the secretary's side in the dispute over McCarthy's handling of an Army general questioned in secret session. The Wisconsin senator has been criticizing the Army for the way it has dealt with alleged Communists in its ranks.

But the only officials who rank above Stevens are Deputy Secretary of Defense Roger M. Kyes, then Defense Secretary Wilson and finally, President Eisenhower. Kane did say he excluded "everybody in the Army" from his lack of support charge.

The Chicago Tribune said last night that Stevens was "reliably reported" to have resigned.

Stevens Hasn't Resigned

But associates and Mrs. Stevens said early today the secretary had "absolutely" and "definitely" not resigned.

Stevens, away from Washington, could not be reached for comment.

Administration officials and McCarthy have been embroiled in controversy since Stevens several weeks ago asserted he would not stand by and allow Army witnesses to be browbeaten by congressional committees or by anybody else.

This happened after Stevens heard about the way McCarthy questioned Ralph W. Zwicker, commandant at Camp Kilmer, N.J. on the discharge of Maj. Irving Peress, a dental officer whom McCarthy called a "Fifth Amendment Communist."

Compliments Secretary

In his letter of resignation, Kane—an Army employe seven years—held that the Army "should never be subjected . . . to politics of any kind."

He said he realized Stevens had been "hurt," in his battle with McCarthy, adding "if you hadn't been hurt . . . that is why various other people in government have not fought before you did."

But even so, Kane urged Stevens to stay on and fight "for the firm establishment" of his principles.

HE'LL NEED A SENSE OF HUMOR. Hazen Doe and his wife, Bobbie, feel certain they will be approached by income tax investigators soon, at Detroit, Mich. They have listed a new dependent for 1953—John Doe. Born last August the tot's admiring parents explain that he was named after his grandfather, a full blooded Seminole.

Parley Halts After Attack By Guatemala

Today's Session Called Off Following Blast at 'Big Stick' Diplomacy

CARACAS, Venezuela (AP)—The United States may present Monday its long awaited resolution concerning communism in the Western hemisphere. Delegates to the 10th Inter-American Conference wondered today whether it will try to pin a Red label on Guatemala.

An undercover feud blazed into the open yesterday between U.S. Secretary of State Dulles and Guatemala's fiery young foreign minister, Guillermo Toriello. The plenary session scheduled today was canceled. There was no explanation, but it seemed likely the conference leaders wanted time for tempers to cool.

Attacks United States

Toriello made a dramatic attack on the United States in a speech before the conference, saying his lefust, Central American nation was battling a big stick and dollar diplomacy employed by "the forces of international reaction."

He said he opposes any declaration or resolution considered by his government as a violation of and intervention in its internal affairs.

Dulles took up the challenge promptly. He said Toriello had repudiated two resolutions approved by Guatemala at previous international meetings condemning international communism "as incompatible with the concept of American freedom and as a danger for the American States." He expressed confidence that this conference would adopt an even stronger stand.

Resolution Needed

The question comes up Monday before the political-judicial committee. To have a debate, there must be a resolution to argue about. The U.S. delegation has the weekend to draft one.

The United States won the first skirmish before the committee, its motion to put Communist infiltration at the top of the agenda carried 15-3. Guatemala, Mexico and Argentina were opposed. They wanted to discuss the question of European colonies in America.

Court Appoints Attorneys for Puerto Ricans

Innocent Pleas Are Entered for Four in Shooting at Capitol

WASHINGTON (AP) — Court-appointed attorneys today assumed responsibility for defense of four Puerto Ricans charged with wounding five members of Congress in a wild shooting demonstration Monday.

U.S. District Judge James W. Morris assigned the attorneys at a brief hearing yesterday.

In San Juan, Puerto Rico, meanwhile, Courtney Owens, representing Chairman Velde (R-Ill) of the House Un-American Activities Committee, conferred yesterday with Gov. Luis Munoz Marin, presumably on plans to investigate activities on the mainland by the small, fanatical Nationalist party.

A resolution was introduced in the commonwealth senate for formation of a special security commission to investigate the party.

At the arraignment here yesterday, the judge tried to explain to the defendants the significance of entering pleas and their rights to counsel and a fair trial.

San Juan Police Arrest Leader Of Nationalists

SAN JUAN, Puerto Rico (AP)—Police captured Pedro Albizu Campos, 62-year-old chief of the Nationalist party, after gunplay at his San Juan apartment today during an island-wide roundup aimed at the three dozen persons within the fanatical, independence minded group.

Tear gas finally routed Albizu Campos, who gasped: "I am asphyxiated." He was removed by ambulance.

The apartment, set afire during the action, also yielded Doris Torresola, one of five women named in police warrants. The raid was officially described as having no connection with the Washington shooting which wounded five U.S. representatives March 1.

Firemen got the fire quickly under control.

Miss Torresola is a party secretary and sister of Griselio Torresola, who was killed in Washington in making an attempt on the life of President Truman in 1950.

Police raids were launched today to arrest Albizu Campos and 37 other Nationalists.

150 WALK OFF JOB

WARREN, Ohio (AP) — The CIO-United Steel Workers said today 150 members had walked off jobs at Republic Steel Corp.'s Ideal Foundry Division at nearby Newton Falls. Union officials said the dispute concerned changed job assignments and discharges of two employes.

Wants It All Passed

Aiken Urges Okay Of Farm Program

WASHINGTON (AP) — Chairman Aiken (R-Vt) of the Senate Agriculture Committee, said today Congress will have to adopt the Eisenhower farm program as a whole or lose the value of it.

Aiken, a strong supporter of the program, hit out in an interview at any major modification of the program based on criticism of some features of it by individual members of Congress. He said:

Main Controversy

"Success of this program depends upon adopting all of it. "Nearly everybody can find some part or parts of it he likes." For two days this week Aiken has been acting as sort of a referee for Agriculture Department officials and critical senators in a running dispute about new and old farm programs.

Main controversies center around proposals to shift government price supports to a flexible and lower level and to "set aside" 2½ billion dollars worth of farm surpluses, or about half those now in government hands.

Aimed at Fewer Controls

The set aside would be a guarantee by the government that the goods would never be moved in ordinary trade channels. Accordingly, they would not be counted as part of surpluses when the proposed new flexible supports, based on amount of various farm products available, were computed. This procedure presumably would make a transition to a flexible system less abrupt.

Late yesterday Aiken criticized people in government, including members of congress, "who believe in a permanent system of government controls."

President Eisenhower and Secretary of Agriculture Benson have said their new program would mean far less government controls over what the farmer plants and markets.

"I'm sorry to say it but I believe that those who favor controls are gaining," Aiken said. "They have almost gained control of one of our major political parties."

Department officials said the President would have authority to give all the set aside commodities away but Under Secretary of Agriculture True D. Morse later said such action was not contemplated.

He said recovery of some of the value of the produce was planned. Sen. Schoeppel (R-Kan) had said regular foreign purchasers of U.S. farm products might halt or delay sales if they had reason to hope for a free ride.

Kenyon Professor Dies in Iraq Crash

BAGHDAD, Iraq (AP)—Two Americans, one a Jesuit priest, were killed last night in a collision of their car with a truck on the Baghdad-Najaf highway.

The dead, both Fulbright Research scholars, were the Rev. Roger O. O'Callaghan, archaeology professor of Fordham University in New York, and Prof. Maxwell Power of Kenyon College, Gambier, Ohio.

They were returning to Baghdad with a party from an excursion of Najaf, a holy city in central Iraq.

Power was a visiting professor of biology at Queen Aliyah College for Girls.

Dollar Auction Called Cause of Coffee Increase

Senator on Committee Probing Price Advance Has New Explanation

WASHINGTON (AP) — Sen. Frear (D-Del) came up today with a new explanation for those skyrocketing coffee prices: "The dollar auction in Brazil."

"It's as much psychological as it is economic," Frear said in an interview after a Senate Banking subcommittee had wound up, for the time being, a hearing into what has brought on the jump in coffee prices.

One prediction made at the closing session yesterday was that coffee may go to $1.23 a pound.

Frear said coffee prices began to climb last fall shortly after the Brazilian government put into effect a new system of exchanging dollars for cruzeiros.

The official rate of exchange in Brazil is about 18 cruzeiros for $1. But the Bank of Brazil handles all the dollars in the country.

Horacio Cintra Leite, president of the Pan-American Coffee Bureau, told the subcommittee yesterday the Bank of Brazil now is paying a premium rate, 23 cruzeiros, to coffee producers for each dollar they get from sales.

But Frear said the bank oper-

Snow Blamed For Death of 3 in Cleveland

CLEVELAND (AP) — Three more deaths were blamed on the snow today as the city sought to rid itself of a five-day accumulation, accompanied by high winds and frigid temperatures, that began Sunday night.

The mercury shot down to 12 degrees at 3:30 a.m. but the Weather Bureau predicted fair skies and a high of 32 in the Greater Cleveland area.

Side streets were heaped with snow and many were impassable, but most of the major thoroughfares were back in operation.

A total of 24 deaths in Ohio were attributed to the storm. Deaths reported yesterday include these Greater Clevelanders:

Martin V. Carey, 63, who collapsed while shoveling snow.

Frank Vanum, 60, found dead in a tavern doorway.

Charles Katrona, 70, who collapsed at his home while spreading salt on the sidewalk.

Bank Official Charged With Taking $146,000

PHILADELPHIA (AP)—The vice-president of a suburban bank is charged today with embezzling $146,000, and the FBI says the thefts date back almost 35 years.

J. Harold Wolf, 57, was arrested last night on a warrant charging he had "purloined and abstracted funds" of the Telford National Bank "and made false entries in the bank's records in the amount of $146,000."

Arsenal Seized; 2 Cubans Arrested

NEW YORK (AP)—Police seized an arsenal in a deserted - looking Manhattan store yesterday and placed two Cubans, alleged opponents of the Batista regime, under arrest.

Detectives swooped into the store, on West 99th Street, yesterday and came up with crates of mortar shells, anti-tank guns, Garand rifles, grenades and a big supply of shells.

Later Mario Cruz, 34, and Roberto Oscar Acevedo, 36, were taken into custody. They were booked early today on charges of violating the weapons law.

Mountain Moves

Railroad Crews Struggle To Stop 'Glacier' of Dirt

EUREKA, Calif. (AP) — Railroad crews today pitted around the clock shifts and all available mechanical equipment against millions of tons of earth in a mile-long "dirt glacier" grinding toward the Northwestern Pacific's Eel River Canyon main line at 40 feet a day.

The "glacier" of unstable earth and clay—6,000 feet long and 1,200 feet wide in spots—began moving on the NWP's north-south main line 60 miles southeast of here 13 days ago.

Forced To Move Track

Since then, men using bulldozers, power shovels, cranes and other machines have been forced to move a 600-foot stretch of track sideways an average of 41 feet a day to escape the moving mountain.

Each time, newly-laid and then abandoned sections of roadbed were engulfed by the advancing wall of earth and boulders, despite the efforts of other crews—working under floodlights at night — who daily have hacked off 10 to 20 foot deep outcroppings.

NWP Vice President and Gen. manager G. L. Morrison said he can not estimate when—or if—the moving mass of earth, which towers to 1,700 feet above the railroad right of way, can be stopped.

Poor Drainage

The "glacier" blamed on poor drainage in giant clay bank forming the upper part of the canyon wall, existed when the rail line was built 40 years ago and has approached the tracks several times before.

In 1938, it cut the line 73 days, but was halted by an elaborate drainage system installed above the tracks to dry up the lower earth and create a buttress against the clay above.

But, Morrison said, the pressure of the upper clay apparently overcame the resistance of the drier earth and the "glacier" started moving again.

The rail line cannot be moved out of the canyon without relocating some 200 miles of track.

Property Value Climbs to New High in County

Auditor Reports Hike Of Nearly $5 Million During 1953 Tax Year

Marion County had a record increase in property value last year, auditor Maurice C. Clements disclosed today. The increase, attributed largely to new buildings and improvements of existing buildings, totaled $4,858,860.

Evaluation of real estate, public utilities and personal property for 1953 reached $123,388,620. The figure for 1952 was $118,529,760.

The county auditor said "This is probably a record increase for a normal year without any re-evaluation of property."

Real estate properties were valued in 1953 at $70,767,450; public utilities at $22,460,340; and personal property — such items as equipment and merchandise—at $30,160,830.

A further breakdown shows that the property in the city of Marion is valued for taxing purposes at $68,303,310 as of Dec. 31, 1953. This is an increase of $2,268,030 over 1952. New buildings in the county were credited with $1,009,330 of the increase in valuation.

Clements also cited figures for tax delinquency in Marion County last year.

Real estate taxes not paid amounted to $31,663.20, an increase over 1952 of $3,100.89.

Property taxes delinquent were $36,582.79. Of the total tax bill for the county, these delinquencies amounted to 1½ per cent for real

Stevenson Set To Open Attack On Eisenhower

Expected to Criticize Leadership; Agrees With Ike on One Point

MIAMI BEACH, Fla. (AP)—Adlai E. Stevenson agrees with President Eisenhower that the Army has not coddled Communists but he reportedly was prepared today to criticize Eisenhower's leadership on domestic and foreign policy issues.

Stevenson, the 1952 Democratic presidential nominee, was scheduled for a major speech at a party rally here tonight in which he planned to outline his views on the major issues of this year's campaign for control of Congress.

The former Illinois governor told a news conference on his arrival here yesterday he does not believe the Army has coddled Communists—as charged by Sen. McCarthy (R-Wis)—any more than previous Democratic administrations had knowingly permitted "subversives, traitors or spies" to remain in the government.

He avoided direct questions about McCarthy but said he did not believe the Wisconsin senator's investigation of alleged Communists in government would be a major factor in the congressional campaign.

Although some of the Democrats rallying here for a southeastern party conference avoided any direct criticism of Eisenhower, Stevenson was said by friends to be ready to launch a frontal assault on the President for the first time since he was defeated by Eisenhower in 1952.

Return to Parliament

Egypt Assembly Planned To Draw Up Constitution

CAIRO, Egypt (AP)—Egyptians are to elect a constituent assembly in July. This step toward restoring the Nile nation's parliament was announced by the reunited military regime last night.

It promised also to end local press censorship immediately, except for defense matters, and to wipe out the martial law instituted when King Farouk was deposed and exiled in 1952.

Inauguration July 23

The 250-member constituent assembly, to draft a constitution and serve as an interim parliament, will be inaugurated July 23, the second anniversary of the start of the bloodless coup that dethroned Farouk.

These decisions were reached by the 12-man Revolutionary Council in consultation with two of Egypt's elder statesmen. The elder statesmen were ex-Premier Aly Maher, appointed months ago to head a 50-man committee to consider a new constitution, and Abdel Razak Sanhoury, president of the Egyptian State Council (supreme court).

Both President Mohamed Naguib a major general, and Premier Gamal Abdel Nasser, a lieutenant colonel — central figures in the council shakeup last week that stirred the nation—attended the meeting at Nasser's home in suburban Heliopolis. They appeared on the best of terms.

Bow to Pressure

The premiership as well as the presidency was Naguib's until young officers on the council stripped him of his titles Feb. 25 and made Nasser premier and acting president. Two days later they bowed to pressure and restored Naguib, a popular idol, as their figurehead.

The liberalization of policy does not mean Egypt is to get a democratic government as such a term would be understood in the United States. Observers view the decisions as intended both to reinforce the council's unity and win public support.

State Highway Patrolman Is Held in Fatality

IRONTON, Ohio (AP)—Five charges have been placed against a state highway patrolman in the hit-skip death of a nearby Coal Grove policeman yesterday.

The patrolman, Robert Brickles, 29, of Gallipolis, was released from Lawrence County jail under $3,000 bond last night.

Charges against him include second degree manslaughter, leaving the scene of an accident, driving to the left of the center line, reckless operation and speeding.

Hearing Wednesday

A hearing will be held Wednesday before municipal Judge John J. Gallagher.

Brickles, off duty at the time of the accident, was suspended by the State Highway Patrol last night.

He was arrested in Ashland, Ky., yesterday following the death of Policeman Carl Green, 30, of Coal Grove. Green was struck and killed on U. S. 52 near Ironton city limits as he was standing in the road checking the license of a driver whose car he had stopped.

Both the driver who struck Green and the driver whom Green was questioning left the scene without making a report, officials said.

Arrested After Broadcast

A driver's license, believed to be the one Green was checking, was found near the policeman's body, officials said.

Brickles and three other occupants of his car were arrested a short time after police had broadcast a description of the hit-skip car.

Britain Reports Father of Two Now a Woman

World War II Flier Transformed During 'Complete' Sex Change

LONDON (AP)—Hormone treatments and three years of plastic surgery are reported by the Press Association to have transformed a British World War II fighter pilot into a woman in what "may well be the most complete change of sex in the world's medical history."

The British news agency said last night it has documents to prove Bob Cowell, 35, a former Royal Air Force lieutenant and father of two children, is now a female.

Divorced by Wife

Its account, the source of which was not given, said Cowell—divorced by his wife in 1952 on a charge of desertion—is now living "somewhere on the continent" as Roberta Elizabeth. Relatives were reported caring for their daughters, 10 and 12.

According to the Press Association dispatch:

Cowell came from a prominent family. His father is Maj. Gen. Sir Ernest Cowell, an honorary surgeon to the late King George VI. During the World War II African campaign, the elder Cowell was President Eisenhower's director of medical services.

Young Cowell went in for rugged sports—rugby football and auto and motorcycle racing. As a Spitfire pilot, he chalked up a good record in wartime dog fights. He spent six months as a war prisoner after being shot down over Germany.

Notices Change

In 1948, however, he started hormone treatment to switch his sex after noticing a change in his physical condition and mental outlook and hearing from a physician that his body showed prominent feminine sex characteristics.

The next step was plastic surgery. Undergoing operations at a London hospital by one of Britain's most eminent surgeons, he gradually emerged as a female.

Doctors verified to registry officials that he was a woman.

A substitute birth certificate was issued May 25, 1951, for Roberta Elizabeth Marshall Cowell.

She went abroad after living a while with her parents in Croydon and with her married brother and sister.

Neither of Cowell's daughters has been told about the sex change. Their mother has married again and it was not determined where she is living.

Seven Drivers Arrested

Seven traffic arrests were reported today by Marion police. They were: Willard W. Fulk, 46, of 140½ S. Main St., no turn signals on his truck, to appear in Municipal Court today; George L. Earl, 36, of near Marion, no mud flaps on truck, in court March 9; Harry E. Winters, 63, of 130 Franconia Ave., fined $15 and costs; and Raymond E. Snyder, 25, of 126 McWilliams Ct., speeding, $15 and costs; Harry L. Dillow, 23, of Bland, Va., insufficient brakes, in court later today; Chambers John, of Twin Oaks Trailer Park, speeding, in court March 11; and Norris Erwin, 48, of Grayson, Ky., no turn signals on trucks, in court today.

Valuation

estate and 6 per cent for property.

These percentage figures are not entirely accurate, however, because a portion of these delinquencies have accumulated over a period of several years, Clements said.

Farm Bureau Lets Elevator Contracts

MARION COUNTY FARM Bureau Cooperative members and contractors sign for the new grain elevator to be built on Bellefontaine Ave. Seated left to right are Walter Mautz, president of the board of directors; Frank Clay, vice-president; and Oscar Gowitzka, electrical contractor. Back row, left to right, Dwight McCalla, P.E.D., Inc., building, and Arch Smith, Farm Bureau Planning • Development Division, elevator machinery.

Contracts for constructing and equipping new elevator, mill and warehouse were signed yesterday.

Construction on the new building will begin within a few days, architect Sam DeVoss said. It will replace the old mill and elevator on Park Blvd., destroyed in a fire last June.

Total expenditures for all contracts will be $99,911. About $15,000 more will be spent for rail siding, improvement of drives, parking areas and utilities.

The plant is to be built on the seven acres of Farm Bureau land on Bellefontaine Ave., adjacent to the Chesapeake and Ohio Railroad. It is hoped construction will be completed by July 1 so that the elevator can be used to handle this year's wheat crop.

To date, more than $90,000 in securities to finance the building has been sold. The securities sale will continue until total construction cost has been received.

Mautz also announced that the Farm Bureau is remodeling mills in Caledonia and New Bloomington. Dump sinks and drags for custom grinding are being installed and feed mixers relocated in each mill.

At Caledonia, a corn sheller has been added while New Bloomington's rail siding has been extended. New motors on the grain handling machinery at New Bloomington are expected to double the present capacity.

Members of the Marion County board of directors are Mautz, Clay, Jay Lyons, Perry Seiter, Howard Click, Clyde Forry, Carl Rothfuss, Kensel Clutter and Dwight Heckathorn. The association has 41 employes in Marion County.

District Restaurant Association Formed, Local Group Dissolved

The Marion County Restaurant Association was disbanded and the North Central Ohio Restaurant Association formed when a meeting of the Marion County Association was held Thursday at the Jockey Steak House, north of Marion.

The North Central Ohio Association will include nine communities, Ashley, Bucyrus, Carey, Delaware, Kenton, Marysville, Mt. Gilead and Richwood, besides Marion.

The group also voted to become an affiliate of the Ohio State Restaurant Association.

Temporary officers were named with Robert A. Burton of the Nic-Nac Restaurant have elected acting president, and C. B. Haggard of Butler's Lunch and Soda Grill at Marysville as acting secretary.

Present for the meeting from the Ohio State Restarant Association were Leon E. Kuenning, president of the state organization, from Kuenning Brothers Restaurant in Columbus; Stuart Harrison, treasurer of the state association and owner of Stew Harrison's Restaurant in Columbus; and William S. Konold, executive secretary of the state group.

Representing Toledo and the state group were Frank Miller and Glenn Eichenauer Sr., Roy Ruehle, president of the Central Ohio Restaurant Association, Columbus, also was present.

First general organization meeting of the new group will be held March 29 at the Jockey Steak House to adopt a constitution and elect officers and trustees.

Why Good Students Sometimes Go Haywire Is Studied at OWU

DELAWARE, Ohio (AP)—Have you swallowed any good goldfish lately?

Chances are you'll run into a few odd questions like that if you're around Ohio Wesleyan University these days.

A committee here has gone off the beaten track to see what makes the student tick. They not only want to find out what makes him tick, but what makes him flip, and particularly, what makes him flop.

After years of watching some promising students fall by the wayside—sort of a general condition to various degrees in every college—the school decided to analyze the situation. A committee was named which includes six faculty members and six students. It's headed by Dr. Hastings Eells, professor and chairman of the history department.

Decide On Direct Approach

The committee said it decided the best way to go about its business was the good old personal question.

Why do the apparently bright ones sometimes fade away? What shatters the great expectations? How come a smart high school student sometimes degenerates into a scholarly shnook at college?

So far the committee has classified the failures and labeled them as "strays."

Here they are:

The "Give-up Type:" He makes a good start, looks promising, then suddenly slumps and might quit in despair.

The "Just Pass Expert:" With clever astuteness he avoids anything that will interfere with having a good time. He—or she—may have a praiseworthy interest in some special activity such as dramatics or athletics and work hard at it. But he neatly avoids doing more than the bare minimum in everything else.

The "Unreliable Type:" he has consummate conceit in his own superiority, does enough work to show he has promise, then seems to lose interest, breaks rules and disappoints friends. He loves to talk over his problems with kind people but ha etuosn soiles teubeas ple but hates solutions because then nobody would worry about him.

The "Grade-Hound:" His ideal is to get the highest grades with the least work, sticks to his favorite courses and professors even though this course leaves huge gaps in his college experience.

The "Senior Slump:" This is a malady that catches many superior students. After working hard three years, they decide to "enjoy" life in their final college year. He expects favors because of past performance.

That's the list. Anybody you know?

Church Radio Program

A new religious radio program over Station WMRN on Sunday mornings is the broadcast of Epworth Methodist Church at 9 o'clock.

The quarter-hour period is designed as a preparation for listeners who will take part in the worship and study following at the church in addition to the shut-ins and ill who will be unable to attend the service.

Taking part will be the Epworth Church pastor, Rev. W. C. Eyster, Robert F. Williams, Max Carroll and Joyce Roberts, Mr. and Mrs. George Lane, representing the choir, and Miss Margaret Huffman.

$10,436 ESTATE

CLEVELAND (AP) — James R. Garfield, a son of President James A. Garfield, the nation's 20th chief executive, left a net estate of $10,436.13, according to tax papers filed yesterday with the county auditor. The younger Garfield died in March 1950 at the age of 84.

Heart and circulation ailments cause about half the deaths in the United States.

World Day of Prayer Service Held in Galion

GALION — The open Bible, a world globe, and a candle, provided an impressive altar setting for annual World Day of Prayer services at First Evangelical and Reformed Church Friday afternoon. The service was sponsored by the Galion Council of Church Women of which Mrs. Carl J. Shaw is president.

Mrs. Gene Wilcox was program chairman. Women participating in the service were Mrs. Robert Ricksecker, Mrs. Norman R. Somerville, and Mrs. Kenneth Casey.

Special music was presented by Mrs. Murral Longstreth, vocalist, and Mrs. William MacAdam, organist. A film strip was shown by Mrs. R. R. Elliker of the different countries taking part in the program. The benediction was given by Rev. Elliker, pastor of the First Evangelical and Reformed Church.

SNOW IN ALABAMA

MOBILE, Ala. (AP)—The heaviest snow in at least 5 years spread a mantle of white along the Azalea Trail in Mobile today and swirled along the Gulf coast into west Florida.

Driver Pleads Guilty to Four Traffic Counts

Charges Arise From One of Five Mishaps In Marion and County

One driver was arrested on four charges following one of five minor, no injury traffic accidents investigated during the last 24 hours by city police and the state highway patrol.

Malcom Davies, 21, of Talmadge, O., was charged with disorderly conduct, resisting arrest, reckless driving and failure to display a driver's license after his car struck another driven by John D. Sunderland, 30, of the Twin Oak Trailer Park. The collision occurred at E. Center and Sargent Sts. at 12:14 a.m. today. Police said witnesses told them Davies was driving east on E. Center St. and attempted to pass Sunderland's car on the right side. Davies' and Sunderland's cars collided and Davies car then careened to the right and struck a utility pole at the southeast corner of the two streets, police said.

In Municipal Court this morning, Davies pleaded guilty to all charges against him and was fined a total of $100 and costs.

Other city accidents were fender benders.

At 2:21 p.m. Friday cars driven by James W. Sharer, 31, of near Richwood and B. K. Patterson, 17, of 202 Pearl St. collided at Bellefontaine and Olney Aves.

Cars driven by John E. Kuntz, 25, of 241 Jefferson St. and Willie B. Troutman of 908 Kenton Ave. collided at an alley intersection between N. Main and N. State St. just south of Mill St. at 2:50 p.m. Friday.

A collision at Center and Main St. Friday afternoon involved cars driven by Mrs. Katherine Sansotta of 354 Summit St. and Lester L. Green, 50, of near Marion.

Truck Backs Into Car

One minor Marion County traffic accident was reported today by the Marion post of the state highway patrol.

The mishap occurred at 10:15 p.m. on Route 30-S at the intersection with Route 100. A state highway truck operated by Louey E. Oaldaker, 67, of near Marion, turned onto Route 30-S, stopped and began backing up, colliding with a car driven by Juanita L. Roesch of Galion. State patrolmen reported no injuries, minor damage to both vehicles and the arrest of Oldaker for improper backing.

Report Meeting Slated By Concert Association

Reports on renewals will be made by workers in the Marion Community Concert Association's anniversary campaign, at a dinner meeting Monday evening at the YMCA. This meeting also will launch the general membership campaign at which time persons not enrolled last year, will be contacted. More than 80 workers will take part in the week-long drive.

The dinner is scheduled for 6 o'clock. Arrangements are in charge of Mrs. John F. Lacey and Mrs. A. G. Birch, chairmen, and Mrs. Lewis Wills, social chairman.

Conference

which originally was the first item on the work sheet.

Dulles outlined the American position in a statement after the conference had given Toriello 60 seconds of applause, nearly twice that accorded Dulles' speech yesterday.

"We do not intend to let this issue be obscured by an abusive attack made upon the United States," Dulles said. "We deplore the fact that this inter-American meeting should be used as platform for efforts which seek to defame other American states and to exploit every possible difference with a view to disrupting the harmony of our gathering.

"Guatemala's position with respect to intervention of international communism in the American republics will be put to the test when this agenda item is taken up.

"We are confident this conference will reaffirm the position of the ninth conference on this question and will go on to declare that domination and control of political institutions of any American state by the international communism movement would constitute intervention by a foreign political power and be a threat to the peace of America."

MAN ADMITS ROBBERY

CINCINNATI (AP)—Police said today Walter Woods, 35, admitted robbing a bartender of $333 yesterday. It was one in a series of recent downtown holdups, apparently pulled by different men. Another holdup man took $1,618.39 from the Personal Finance Co. yesterday.

Pay Increases Given Bucyrus School Faculty

BUCYRUS — Bucyrus school teachers today welcomed a substantial pay increase, granted by the board of education and retroacive to March 1.

The board has approved a new pay schedule with increases averaging about $400 a year and ranging from $250 to $550, depending on experience and educational qualifications.

Under the old schedule, adopted in December, 1952, the pay scale ranged from $2,300 a year for a teacher with no experience and two years training to $4,025 a year for a teacher with a master's degree and 16 years' experience.

Under the new schedule, a teacher with no experience and two years' training will start at $2,700, while the maximum salary of $4,325 will be paid those with a master's degree and 11 years' experience. Inexperienced teachers with a bachelor's degree will start at $3,000 instead of the predvious figure of $2,600.

The pay increase will amount to $23,470 a year, Supt. I. J. Miller reported.

At the board's February meeting, a request for a pay increase was made by representatives of the Bucyrus Teachers Association.

Report on Traffic Study Fund Drive Due on March 13

Final report of funds collected from Marion businesses in a renewed drive to raise funds for a master traffic survey of the city was postponed today until Saturday, March 13, by A. F. Busch, chairman.

As of today only four out of 26 canvassers assigned to visit merchants in the city had reported collections. About $100 has been raised since the drive began last week, Busch said.

He said weather conditions have bogged down the drive this week.

Plans are to use several methods of obtaining donations to raise the $10,500 needed.

John V. Ruth, chairman of the citizens committee which first tackled the fund raising problem, said other plans of the committee are to conduct a "white elephant" auction sale and a telephone and mail canvass of every residence in Marion Township.

was called in as a Spanish-English interpreter.

Finally Lolita Lebron, self-styled leader of the Nationalist demonstrators, said:

"I would like it to be charged that what I committed was the defense of my country."

"But do you enter a plea of not guilty?" the judge asked.

"Yes, on those grounds," Mrs. Lebron replied.

One of the three male defendants said something about coming here "to defend independence of our country."

The judge entered innocent pleas also for the three men—Rafael Cancel Miranda, Andres Figueroa Cordero and Irving Flores Rodriguez—on "the same grounds."

Each is charged on five counts with assault with intent to kill and on five counts with assault with a dangerous weapon.

Moreover, U.S. Atty. Leo A. Rover told the court the condition of Rep. Alvin M. Bentley (R-Mich), the most seriously injured of the congressmen who were shot, is still a "touch and go proposition." If Bentley should die, he said, the government will promptly seek indictments for first degree murder.

Bentley was listed at Casualty Hospital as in serious condition. A bullet shattered his liver and pierced other organs.

Rep. George H. Fallon (D-Md) was well enough to go home from the hospital yesterday. Three other victims were still hospitalized, but reported improving. They are Reps. Kenneth A. Roberts (D-Ala), Clifford Davis (D-Tenn), and Ben F. Jensen (R-Iowa).

Judge Morris named F. Joseph Donohue, former chairman of the District of Columbia Board of Commissioners, as senior defense counsel. Myron G. Ehrlich, Abe Goldstein and Ben Noble will be associated with Donohue. They are not paid for their defense services.

Judge Morris set April 5 as the trial date for the Puerto Ricans. The defendants went back to jail in default of $100,000 bond each.

Holt Appointed Trustee At Miami for Two Years

COLUMBUS, Ohio (AP) — Gov. Frank J. Lausche today appointed Edward E. Holt, Springfield school superintendent, a trustee of Miami University at Oxford, for a term ending March 1, 1956.

Holt fills the vacancy created by the resignation of Walter H. Coles of Troy because of illness.

Holt, a native of Adams County, was graduated from Wilmington College and obtained a Master's Degree from Miami.

Charter Group Sets Report on Fund Raising

A second report meeting of the fund raising committee of the Marion Charter Commission will be held Tuesday at 8 p.m. at the YMCA, J. J. Bray, chairman of the committee, has announced.

To date, approximately $175 has been received toward expenses of the Commission, according to Mrs. Francis Wanda, treasurer of the committee.

All Marion clubs and organizations have been solicited for contributions. These are to be mailed immediately to Mrs. Wanda at 801 Windsor St. or to be brought to the Tuesday night meeting. Only a few of the 80 groups contacted have responded to a request for funds.

In a letter sent to various organizations by the Charter Commission, it was pointed out that the work of the Commission in studying a charter to be presented for acceptance or rejection at the general election in the fall, involves a great deal of research. Although the 15 citizens elected are serving without compensation, expenses are being incurred, principally for stenographic services and it has been estimated the total expense will be about $500.

Early in January, representatives of various local organizations met at the suggestion of the Marion League of Women Voters and a committee to raise the needed funds for the Commission was established. In addition to the officers mentioned, Miss Marie Wolfe was named secretary and James Rankin was appointed in charge of solicitation work.

Coffee

(Continued From Page 1)

ates a virtual auction when producers have to turn cruzeiros back into dollars to buy, for example, equipment in the United States.

To buy a tractor, Frear said, a coffee producer first has to go to the bank for dollars and "he pays about 70 or 80 cruzeiros."

Rations Imports

Frear said the theory was to ration imports by providing different exchange rates for different kinds of purchases, but "the whole effect is to stimulate the price of coffee upward."

Leite said only about half the expected coffee increase has been felt so far by the American consumers, now paying around $1.05 a pound for coffee. Frear said this means coffee will be selling for $1.23 before the end of 1954.

Frear said that as of now, coffee prices are about 60 cents a pound at the Brazilian plantations and about 80 cents at the Brazilian docks. A year ago, the coffee growers were getting from 45 to 55 cents a pound.

The farmers are making a little more, the exporters are making a little more and jobbers and retailers in the United States are making a little more, he said.

Frear asked Leite who he thought was getting the greatest benefit from the exchange rate in Brazil insofar as it affected coffee prices.

"The Bank of Brazil," replied Leite.

Frear said he thought there was some hoarding of coffee in Brazil in an effort to drive up prices, but that this could not be proved.

But Leite asserted at the hearing, "we are not hoarding coffee in Brazil."

Drunk Driving Cases Heard in Marion Court

A sentence of five days in the Marion County jail and a $100 fine was levied against Oliver E. Halfhill, 44, of Fries Ave., when he pleaded guilty in Marion Municipal Court today to a charge of drunken driving. His driver's license was suspended for three years also.

He was arrested at 7:30 p.m. last night by city police as he drove along on W. Center St.

In Municipal Court Friday afternoon, a hearing opened on a drunken driving charge filed against Jack E. Chivington, 34, of near Marion.

Tesumony was presented only by the prosecution witnesses after which Chivington's attorney cross-examined them then asked for a few days in which to file a brief questioning the legality of using urine analysis for alcoholic content to determine intoxication. Chivington is free on $450 bond pending outcome of the court action. He has been arrested twice before on drunken driving charges, court records show.

In other Municipal Court action today, Theodore Caldwell, 28, of 851 N. State St. was fined $100 and costs on charges of resisting arrest and intoxication. Judge W. Dexter Hazen told him he might reconsider and suspend part of the fine if Caldwell was willing to pay damages to an arresting officer's uniform. Caldwell was returned to jail pending his decision on this offer.

Indian Students To Meet Wesleyan Men in Debate

DELAWARE—Two students from India will champion the affirmative in a debate March 10 against two Ohio Wesleyan University students on the question, "Resolved: That Indian foreign policy offers the only hope for the establishment of world peace."

The debate is scheduled for 8 p.m. in the Memorial Union ballroom. It will be open to the public. Prof. Butler A. Jones, of the department of sociology, will serve as presiding officer.

Supporting the negative will be Kenneth Creasy of Delaware and George Ross of Dayton. The Indian students are R. P. Sirkar of Elphinstone College, Bombay, and M. E. Chaturvedi of Maharajah College, Jaipur.

Kinnett Renamed Head Of Board of Elections

BUCYRUS — Luther T. Kinnett, Bucyrus Democrat, was re-elected chairman of the Crawford County Board of Elections at the annual reorganization meeting held here Thursday night.

The board reappointed W. F. Harter, Bucyrus Republican, as clerk and J. A. Messerchmidt, Bucyrus Democat, as deputy clerk.

Kinnett announced that John Berger, Crestline Democrat, and H. Hilborn, Tiro Republican, had been reappointed to the board by Secretary of State Ted Brown following their endorsements by executive committees of their respective parties.

Fourth member of the board is Mrs. Martha Wheatcraft, Galion Republican.

DeMarco Outpoints Carter for Lightweight Crown

Champ Falls Behind, Loses Title on Unanimous Verdict

By HUGH FULLERTON JR.

NEW YORK (AP)—It took Paddy DeMarco nine years of fighting to learn self-control, but when he did it brought him the world lightweight championship.

Paddy, a cocky, flat-nosed little guy from the tough Navy Yard section of Brooklyn, supposedly on the downgrade as a boxer, won the title last night by decisively outpointing Jimmy Carter in 15 rugged rounds at Madison Square Garden.

It was an astounding upset in the eyes of the slim crowd of 5,730, which rooted DeMarco in, but Paddy had a simple and logical explanation for it.

"It was my smartest fight," he said. "I held control, did what I was told, boxed and jabbed him."

Carter, usually the calm, confident fighter, apparently didn't know what to make of all this. He was counting on DeMarco to fight in his usual style—bull-like rushes and wild swinging that left him open to hard counter-punching. Paddy just didn't.

The upshot was that Carter, the slow-starter, never could catch up and DeMarco just breezed in to win the unanimous decision of referee Ruby Goldstein and the two judges.

Goldstein's card, the closest, gave it to DeMarco 7-5, with three rounds even. Judge Harold Barnes scored nine rounds for DeMarco and six for Carter while Judge Arthur Aidala made it 9-6-1 in favor of Paddy. The Associated Press scorecard had it 10-4-1 for DeMarco.

The victory didn't bring any great financial reward for DeMarco, who at 26 has been fighting professionally for nine years. But it did bring a lot of satisfaction.

Oddly, it was DeMarco who was supposed to get the title shot when Carter won it from Ike Williams three years ago. But he was taken sick and Carter got the chance to win in an upset as surprising as last night's.

When DeMarco finally got his chance, the experts made Carter a 4-1 favorite and were picking him to win by a knockout, just as he had in three title defenses last year.

DeMarco, with his handlers repeatedly warning him not to get excited and to fight as he had planned, took charge almost from the start. He made Carter fight the way he wanted, piled up an early lead and when Carter tried desperately for a knockout in the closing rounds, Paddy did a cool, masterful job of outmaneuvering him.

Middies Notch Second Win in Tourney Action

COLUMBUS, Ohio (AP) — Middletown's classy cagers, state Class A high school basketball champs the last two years, romped over Dayton Dunbar 67-45 for their second tournament win last night in the Dayton sectional.

And as they trooped into the dressing room some wag declared: "Middletown is only six victories away from the title."

It was true, but the road gets rougher from here on. The first Middie win was over West Carrollton which sported a 10-6 record, while Dunbar had copped only 5 of 18, including one in the championship race.

Still in the Dayton sectional are such powerhouses as Dayton Roosevelt and Dayton Stivers. The former has won 17 of 18, losing only by 2 points to Hamilton, while Stivers, after handing Lebanon a 71-40 setback last night, has a 16-4 record.

Middletown can't meet either until the March 13 district finals, but either could wreck the Middie hopes. Stivers is the only school ever to win the Ohio title three times in a row, and the Gem City team did it twice (1919-20-21 and 1928-29-30).

The top 10 teams in the final Associated Press poll did well in Class A last night as all who saw action emerged with a victory. All 10 are still in the race, despite the heavy firing this week.

The top-ranked winners last night were Middletown, Ashland, Niles, Tecumseh, Canton McKinley and Columbus North. Niles ran its victory string to 23 as it qualified for the Kent district meet by beating Newton Falls 56-44, and Tecumseh kept the other Class A perfect record intact, making it 20 straight by downing West Milton 69-46.

Only 3 of the top 10 in Class B performed last night. Delphos St. John and Strasburg won, but ninth-ranked Seven Mile, Butler County Class B king the last 5 years, bowed 52 - 48 to Cincinnati Deporres.

Toledo Macomber, Niles, East Palestine, Struthers, Steubenville and Bridgeport won their way into district play with sectional triumphs last night, as did Vincent and Woodsfield in Class B.

Most of the others will be named tonight, although several will be delayed until next week because of postponements caused by northern Ohio snows. All games slated at East Cleveland, Cleveland and Euclid were postponed again last night, and of the three only Euclid goes into action tonight.

In the Marietta Class B sectional, Vincent (24-3) defeated Bethel (23-4) by 50-35 as the victors held Norm Martin to 5 points. He had an average of 31 for the season. In the same meet Floyd Baker of Woodsfield got 37 in the 73-59 win over Caldwell, breaking the tourney record of 36 set the night before by Don Harris of Newport as his team lost a 50-49 verdict to Bethel.

At Waverly Keith DeWitz of Rock Hill scored 35 to help defeat Chillicothe Central Catholic 64-53.

Biggest upset of the night probably was Bridgeport's 78-73 win over Bellaire at Martins Ferry. Bridgeport, with a 10-9 record, ousted the 18-2 Big Red despite a 33-point splurge by sophomore Les Patrone of the losers.

A lot of talent must drop by the wayside in tonight's Class B finals at Zanesville. Paired are Pleasant City (21-4) vs Byesville (21-3), and West Lafayette (19-1) vs Philo (22-1).

But back in the 30's, Newark entered tournament play with something like an 8-13 record and breezed to the title—so you can't count anyone out.

137 Eligibles Nominated For '54 Kentucky Derby

LOUISVILLE, Ky. (AP)—The Kentucky Derby, America's No. 1 glamor gallop, will draw its 1954 field from 137 colts and geldings—as usual the most promising young racers in the land.

The list of nominations for the 80th derby, to be run May 1 at Churchill Downs, was announced by the track today.

It included Turn-to, Porterhouse, Hasty Road, James Session — all the big names in this year's crop of 3-year-olds.

All, that is, except the fillies. Not one member of the weaker sex was nominated for this gruelling he-man race, the longest early-spring test for sophomore speedsters.

As in the past, it will cover a mile and a quarter and will carry a purse of $100,000 plus nomination and entry fees.

For international flavor, the nominations include the juvenile champions from both sides of the Atlantic—Mrs. E. Person's Porterhouse, king of America's 2-year-olds last year, and Ray Bell and Elwood Johnston's the Pie King, the imported English champ.

Even more prominent on the list, however, is the name of Turn-to, Harry F. Guggenheim's winner of the recent Flamingo Stakes. Because of his early 1954 form, Turn-to looms as the probable derby day favorite.

Guggenheim won in an upset last year when his Dark Star became the only horse to defeat Native Dancer.

Porterhouse followers are conceding Turn-to nothing, however. Those who watched the sleek brown colt walk off with juvenile honors last year point to a recent smashing victory at Santa Anita as evidence the horse has lost none of his sharpness.

Although not yet up to his potential form, Hasty House Farm's Ohio Hopeful, Hasty Road, is likewise well up on the list. Hasty Road showed a liking for fast company last year when he became the greatest money winning juvenile in history.

The presence of James Session, a recent impressive winner on the West coast, adds some Hollywood glamor to the big race. He is owned by Harry James and Betty Grable.

Calumet Farm, the winningest stable in derby history, which usually nominates three or more of its more promising runners, will try this year only with Duke's Lea. Whirlaway was the stable's only nominee when it started winning derbies in 1941. It has won five.

Francis, Rio Mates Selected for NAIA Tournament Play

KANSAS CITY (AP) — NAIA officials were sitting around a table like fat cats today ostensibly trying to pair the 32 teams of their marathon basketball tournament that starts its run Monday.

But Al Duer, executive director and other tournament officials couldn't restrain their glee at getting Rio Grande (Ohio) College and its fabulous Bevo Francis to headline the show.

"I don't think he will score any 116 points in a game as he did once this year but he certainly should put on a show in this basketball crazy town," chortled Duer.

The field is too strong and too evenly spread to let Bevo get clear out of hand, Duer explained.

Indians' Rosen To Concentrate On RBI Totals

TUCSON, Ariz. (AP) — Cleveland's Al Rosen, still worrying about his fielding, says he will use his bat this season to drive in runs, not to batter down the fences.

Rosen, who hit 43 home runs last season when he was named the league's "most valuable," declares "I'd only be kidding myself if I thought I had a chance to break" Babe Ruth's record of 60.

"The most valuable hitter," he added, "is the one who can hit to all fields," advancing runners.

"If Ruth's record ever is broken," he predicted, "a bigger, stronger man than I am will do the job."

Regional TV Plan Asked For Big Ten

CHAMPAIGN, Ill. (AP)—The Big Ten waited for NCAA action today on its plan to change drastically the college football fare the nation's TV fans receive on their sets.

In a startling move yesterday, the conference's TV Committee—with full authority of Big Ten school presidents and athletic directors—announced a Big Ten plan that disagrees greatly with the national NCAA policy.

The Big Ten declared it wants television to be on a regional basis, showing teams of interest mainly to fans of a specific region. The current nationally-controlled plan provides for one game, televised nationally, or a panorama of several games from throughout the country.

The powerful Big Ten's declaration left the next move up to the National Collegiate Athletic Assn.'s Television Committee, which meets at Kansas City the week of March 15. The national committee will prepare at that time a program that will be submitted for referendum to the entire NCAA membership.

First reaction by NCAA authorities to the Big Ten stand was cautious and noncommital.

One spokesman, who declined use of his name, said the plan "got nothing but a cold shoulder" at hearings of the NCAA TV Committee in New York last month. He added:

"With the announcement now revealed, public opinion should put pressure on the NCAA to adopt the plan.

"If the NCAA refuses the Big Ten may be inclined to televise regionally in defiance."

The Big Ten solution would follow either one of the following lines:

"1. Any games may be televised on a station or stations located within (a designated) region in which the games are being played, except that no institution's teams shall be so televised more than once at home and once away during the season; or

"2. Any games, except those played on Saturday between the last week end in September and the weekend preceding Thanksgiving Day, inclusive, may be televised by stations both within and outside the region in which the games are being played, but no institution's teams shall be so televised more than once during the regular season."

Institutions involved would negotiate their own television rights.

Cincinnati Pilot Seeks Possible Leadoff Hitter

TAMPA, Fla. (AP)—Manager Birdie Tebbetts has no idea today who will lead off the Cincinnati Redleg batting order this season.

"We'll have to wait and see what happens," the freshman major league manager said. "It could be the fellow who wins the regular second base job."

The Redlegs will open the Grapefruit League season today with a game against the Chicago White Sox at Plant Field. Tebbetts said he will use pitchers Rudy Minarcin Willie Powell and Hermie Wehmeier.

Galion, Madison Fall

Ashland and Shelby Notch Victories; Sectional Semi-Finals Slated Tonight

By GARY SAMS

Semi-final action in the Class A Sectional Basketball Tournament was scheduled tonight on the Coliseum boards following Ashland and Shelby victories in tourney action last night.

Top-seeded Ashland, 17-1, ran away from Galion 77-53 and Shelby downed Mansfield Madison 63-50 to join Bucyrus and Mansfield, seeded second, with its 15-5 record, in the semi-finals.

Opening game tonight at 7 p.m. pits Bucyrus against Mansfield while in the nightcap at 8:20 Shelby opposes Ashland. Finals are scheduled Monday night.

Ashland is the defending sectional champ. The A's edged Bucyrus 50-45 in the finals last year after defeating Mansfield 58-50 in the semi-finals. Bucyrus reached the finals by belting Shelby 48-35. Glen Butterman is expected to be Mansfield's chief worry tonight while Wincel Ingram is expected to be Ashland's nemesis.

Ashland and Shelby encountered little difficulty with their opponents last night although Mansfield Madison gave Shelby brief scares in the opener.

Led by Ingram and Dick Cecil, Shelby built up a 13-0 bulge before Madison cracked the ice at 3:32 of the first quarter on a tap-in by Bill Brubaker and led by at least six and more the rest of the way.

The losers narrowed the count to 17-11 in the second quarter at the 6:11 mark on a charity toss by Brubaker but another Shelby spurt shoved the winners ahead 26-13.

Madison narrowed the count to 28-22 and 30-24 later but couldn't come and closer as Shelby enjoyed leads of ten points and more most of the rest of the way.

Ingram, although missing on 13 straight shots after sinking his first three, led the Shelby attack with 16 points while Nick Davies and Cecil each contributed 13. Brubaker had 15 for Madison.

Ashland was never in trouble after hurdling an early 2-0 deficit and ties of 2-2 and 4-4 in its contest with Galion. The Arrows, with 6-5 center Ken Sidle showing the way, jumped out front 19-9 in the opening quarter and kept on moving for the win.

Sidle wound up with 22 points for the A's although missing most of the game. He was removed at 6:08 of the second period with Ashland leading 28-12 when he contacted his third personal foul. He immediately got his fourth at the start of the third period and then fouled out at the 1:16 mark of the stanza on a charging violation.

The game was marked by a total of 66 personal fouls, 34 of them called against Galion. Galion was held to but 13 field goals but hit for 27 points from the charity line. Ashland connected on the same number of foul shots.

Jim Dilgard paced the Ashland offense with 23 points while Don Sharrock was tops for Galion with 13.

Bucks Holding Slight Edge in Big Ten Event

ANN ARBOR, Mich. (AP) — Ohio State held a slim, seven-point lead over Michigan in the final day of the record smashing Big Ten swimming championships today. But the experts were guessing that would be enough to carry the Buckeyes to victory.

Matt Mann, veteran coach of Michigan's second running Wolverines, conceded the first two days of the conference meet gave him two fewer points than he had hoped for.

On the other hand, Ohio State Coach Mike Peppe commented: "It's going just about as I had expected."

With seven of the 14 events run off, Ohio State had amassed 62 points to arch rival Michigan's 55.

Way back were Michigan State with 15, Illinois and Purdue with 11, Iowa 9, Wisconsin 7, Northwestern 4, Indiana 2 and Minnesota with none.

Three Big Ten records were shattered in last night's second round of events.

Ford Konno of Ohio State accounted for one in the 220-yard free style. The Michigan free style team of Ron Gora, Bumpy Jones, Tom Benner and Don Hill set another in the 440 yard relay.

Hill and Ohio State's great Dick Cleveland flashed to a dead heat in the 50-yard free style sprint.

Strangely, Hill was clocked in 22.1 seconds and Cleveland in 22.3. But the judges ruled it a tie and their decision takes precedence over the clockings of the timers. Both times were under the old record of 22.7.

Konno's 220-yard free style in 2 minutes 6.2 seconds clipped 1.5 seconds off his old mark.

Last County Survivor

Prospect Nipped in Opening Game by Williamsport 61-48

The Marion County League's lone survivor was ousted from Central District tournament play last night at Capital University when Prospect, co-champions of the league race here, bowed 61-48 to Williamsport, Pickaway County league champions and defending district co-champs.

Coach Bob Kelley's Bulldogs took an early lead in a nip and tuck opening quarter and led 12-10 at the end of the frame. A second-quarter spurt by the defending champs shoved them ahead by a 24-21 count at the halftime intermission. At the start of the final period, Prospect trailed 42-34. The Deers pumped in 19 points during the closing stanza to cement the win.

Bob Picklesimer paced the Williamsport scoring with a 25-point production. His cousin, Jack, collected 12 and Ronnie James hit for 11.

Stan Krawczyk sparked the Prospect offense by dumping in 14 markers. High - scoring Bob Rodgers was limited to seven by the Williamsport defense.

The win advanced the Williamsport quintet into the quarter-finals of the Capital bracket. It will meet Marion St. Mary in the opening game Monday night at 7.

In the other game last night at Capital, Lancaster St. Mary romped to a 63-48 verdict over Fredericktown. The Irish winners managed to take only a two-point edge in the first half 27-25 but cruised into a 47-37 lead at the three-quarter mark.

Harry Fitzpatrick scored 22 for the winners for individual honors while Tom Abbot added 18. For the Freddies, Jim Tindall popped in 19 markers.

In play at Westerville last night, Olentangy edged by Gahanna 50-48 and Liberty Union spanked Magnetic Springs 58-51.

The Olentangy squad eliminated the Franklin County tourney champs in the final two seconds when Ron Kelley connected on a pair of free throws. Ed Cox threw in 14 points to lead the Braves to their 21st win of the season against four losses.

Magnetic springs dropped behind in the first half when it connected from the field only twice and its rally in the final quarters fell short. The Liberty-Union quintet rode in on a 20-point spurt in the final quarter.

2 Conference Champs To Be Selected Today

NEW YORK (AP) — The Atlantic Coast and Southern Conference titles will be decided tonight and if Southern California beats Oregon State the Pacific Coast conference will have a champion, too.

In the Atlantic Coast loop, Wake Forest meets North Carolina State while in the Southern Conference, Richmond faces George Washington which all but cleaned up the league in the regular season.

Southern California dumped Oregon State last night 53-48 in the first of its three-game playoff for the Pacific Coast berth in the NCAA. The Trojans, southern division champions, led in every period over their northern foes.

Rice holds a one-up bulge in the Southwest Conference playoffs, having crushed Texas 70-62 in the first of their three-game set last night. They will resume combat Monday.

The Ivy League also is in a state of confusion, with three teams still in the running, but if Cornell beats Penn tonight, the Quakers will be out. That will leave it up to Princeton which plays Dartmouth. The Tigers rule heavy choices here, but if by some chance Dartmouth wins, then the title goes to Cornell.

Wake Forest and North Carolina State both perpetrated major upsets in the Atlantic Coast Conference play last night. The Deacons defeated second-seeded Maryland 64-56, while State came on with a fourth-quarter spurt to eliminate top-seeded Duke 79-75.

In the Southern Conference, George Washington stalled off a fourth-quarter rally by West Virginia to win 83-74 while Richmond eked out an 85-81 victory over Furman in overtime.

Alabama won an overtime thriller from Auburn 57-55, in the only other major game of the night.

While the NCAA clubs still are either fighting for berths or waiting for the tournament to get under way Monday, the National Invitation Tournament will start tonight at Madison Square Garden.

The first round pits Manhattan against Dayton, St. Francis of Brooklyn against Louisville and Wichita against Bowling Green.

Major League Clubs To Open Training Slate

By BEN OLAN
Associated Press Sportswriter

The five-week long grapefruit league season opens up today with a new American League entry, four managers directing their charges for the first time and scores of rookies battling for major league jobs.

All 16 teams will see action as they get down to the serious business of preparing for the regular campaign.

The Baltimore Orioles, American Leaguers for the first time in 51 years, travel to Mesa, Ariz. for a game with the Chicago Cubs. Jimmy Dykes, who skippered the Philadelphia Athletics last season, has nominated Joe Coleman, Mike Blyzka and freshman Jehosie Heard to divide the Orioles' mound chores.

At Miami, Walter Alston, Brooklyn's new manager, hopes to get the Dodgers off to a good start in their exhibition scheduled against the Milwaukee Braves. Joe Black, the great reliefer of 1952, will open for the Brooks.

The world champion New York Yankees, who last week dealt pitcher Vic Raschi to the St. Louis Cardinals, meet the Redbirds in their first test of the spring at St. Petersburg. Yankee Manager Casey Stengel was forced to switch his pitching plans yesterday when Ewell Blackwell announced his retirement because of recurring arm trouble. Rookie Wally Burnette will take over Blackwell's stint.

What's the Hurry?

Why not resolve to take it easy this week end? Slow down. Watch all traffic signals, take no chances on passing, and be positive when you leave home that your car is in apple-pie order. Let us check your brakes at least.

Teen Age Set Is Influence On Remodeling

There were 5 7 million high school students in 1950. There are 6 4 million now. By 1960, there will be 8.5 million.

If you have two or three years yet before your son or daughter will start wanting to bring the crowd home for snacks, dancing, games and television, that's none too much time to get your house organized space-wise

Some ways to evaluate your space planning are suggested by the National Lumber Manufacturers Association

Determine now whether your present home will be adequate, with or without remodeling, whether you may be better off to buy another house, perhaps older and larger, and remodel it to suit your family's needs, or, whether you can reasonably expect to afford a house that is both new and so designed that it will meet "growing up" requirements.

— —

WITHOUT SUCH PLANNING, you may find that by the time you get around to adding an extra room or fixing up the basement, the rest of the house will be badly in need of redecoration. By organizing your work, you can spread out the projects and the expense in manageable "pay as you go" operations

While basement recreation rooms or added-on rooms are desirable wherever possible to give the younger set a place of their own, there are many homes where existing rooms can be converted to teen entertainment without too much strain on the rest of the house, the family, or the pocketbook.

Here is a plan which one family followed that solved teen space and many redecoration problems in one operation·

The dining room and a rear porch adjoining it were converted to informal living use. The porch was enclosed, with wood awning windows along its length and cabinets at each end. One of the cabinets housed the television set Wooden outdoor-type furniture of modern design was used. This enclosed porch became the television room.

—·—

THE DINING ROOM was paneled in wood, for good looking decorative effect and to eliminate future redecration expense Wood cabinets for radio and phonograph and storage space were built in one corner. A larger window was installed between dining room and porch to make the dining room more cheerful and to give unity to the two areas Snack bar and comfortable furniture completed the new informal living area Floors of both dining room and porch, could be danced on — because the dining room floor was hardwod and the porch floor was cement.

The parents liked the set-up so well that they enjoyed having their own friends in for informal suppers in the new rooms In addition, the wood wall paneling gave the dining room such a lift that the parents decided to give a similar modern treatment to their upstairs bedroom, rearranging that room as a combination bedroom and den — for a comfortable retreat when the teen-agers had both television and phonograph going full blast.

This is a case in which home modernization was carried out in connection with a tenn-age project, leading to considerable increase in value of the home, as well as its comfort.

Aid for the Ailing House

By ROGER WHITMAN

Q: The fireplace in our two-year - old home has developed many loose bricks on the inside The fire brick and the mortar are affected Can you tell me the cause of this and do you have any suggestion as to how it can be corrected?

A: The only reason I can find for the condition is that the brick was improperly installed It is very likely that the mortar joints between the bricks were not of a refractory or fire clay variety If such a material was used, the mason probably made too thick a joint Ordinarily the joint should not be much more than one-eighth inch in thickness I am afraid that the brick will have to be reset Your local brick dealer should be able to furnish you with the proper cement also the manufacturers' directions on the use of it

Q. After using our new fireplace several times the mortar between the fire brick came loose and fell out. What would you advise about repairing the joints?

A: I suspect that the mason has used ordinary cement mortar between the fire bricks instead of using a fire-brick cement If so, it will be necessary to rake out the old cement and replace with the usual fire-brick cement It is also likely that the joints between the bricks are more than one-eighth inch in thickness If so, I am afraid the need of replacing the cement will reoccur unless the brick is relaid.

Q: Could you tell me what we can do about my asphalt tile floor? To get it clean I have to use a strong cleanser or soap pads

A: Soap and water and scrubbing brush will not clean the surface of any type of floorcovering making it more difficult to clean as time goes on After the floor has been cleaned try using one of the new hard-finish, liquid floor waxes recently put on the market The finish may be more lasting and improve the appearance of the tile

Q Some people lived with us for a while and after tney had left I noticed some dark stains on the varnished hardwood floor We believe the discoloration was caused by placing wet clothes on the floor How can I remove such discoloration?

A Scrape the finih off the stained areas and apply a hot saturated solution of oxalic acid over the darkened areas Leave this on overnight then rinse well with clear water. When the wood is dry rub lightly with 000 sandpaper, wipe off the dust and refinish with floor varnish

Paint Brush Cleaning Pays Dividends

Life of Bristles Depends On Care Given After Each Day's Work

A little time spent by the home handyman in cleaning his paint brush will pay dividends—in money saved by lengthening the life of his brushes and in results obtained by always having available a brush in tip-top condition.

Never, brush experts say, allow paint to harden in the bristles of a paint brush. In the first place, cleaning a brush clogged with dry paint may be impossible. And in any event, allowing paint to harden in the brush is guaranteed to shorten its life.

Paint brushes "should be treated the same as any precision tools," says the U. S. Department of Agriculture pointing out that paint brushes give best service if "kept in first class condition."

—:—

ANY BRUSH CAN be cleaned with a minimum of time and effort if the cleaning is done when the paint job is completed — not several days later.

The proper cleaning agent is the thinner for whatever paint product was used—turpentine for oil base finishes, alcohol for shellac, lacquer thinner for lacquers and water for calcimine. After being thoroughly soaked in thinner, the bristle should be squeezed by working from the ferrule toward the tip, so no pigment will accumlate at the heel.

After this procedure is repeated two or three times, the brush should be rinsed in clear thinner.

—:—

THE NEXT STEP is to wash the brush in mild soap suds and water. Squeeze the water out thoroughly by using a flat stick, squeezing from the ferrule toward the tip.

For best results the brush should then be combed.

It can then be stored—flat, of course — preferably after being wrapped in oiled or brown paper.

This procedure will insure long life for the brush and it always will be ready for the next paint job.

One further step, however, is suggested by technicians of the armed services — probably the largest paint brush users in the world. That is simply that, before wrapping, the brush be dipped in linseed oil and then allowed to drain. This procedure is not recommended for brushes used in shellac or shellac varnishes—the recommendation in this case being that they be stored dry.

At any rate, experts agree, no handyman who takes pride in his work will ever leave an uncleaned brush to harden—and deteriorate.

A HELPFUL SUGGESTION for improving painting and saving paint and the paint brush is a galvanized steel pail with a wire stretched across the top and fastened to the pail's handles. The wire, instead of the pail edge, is used to remove excess paint from the brush. Using this wire, the brush bristles remain smooth and paint isn't spilled down the side of the bucket.

Survey Reveals Dad-Son Teams Do Most Painting

In a recently conducted survey to discover just who is doing the home painting these days, it was learned that, in nearly 40 per cent of the cases, the husband or the son — or a father-and-son team — were doing the interior painting.

Running them a close second were the wives or daughters — or mother-and-daughter teams — who were able to brag on 36 per cent of the indoor paint jobs. The remaining 24 per cent was done by contractors or painters.

Real Estate Transfers

Thirty-one real estate transfers, fourth highest total this year, were recorded at the office of County Recorder Arthur L. Watt during the week from Feb. 15 through 20.

A total of 23 real estate loans for $153,050 were recorded. Savings and loan associations granted 12 loans for $59,950; banks granted 8 for $79,800; individuals made 2 for $4,300, and others granted one for $9,000.

Five right-of-way easements were recorded, all to the Ohio Edison Co. They were from Paul Clutter and others in Grand Prairie Township, W. Lyman Case and others in Marion Township, Lawrence Fogle and others in Marion Township, D. A. Neff and others in Grand Prairie Township, and Laura A. Zachman in Marion Township.

One lease was recorded. It was from Mary Thompson and others to Lowe Brothers Co. in Marion Township.

Tips on Using It

Odorless Paint Popular For Quick Redecorating

By DAVID G. BAREUTHER
AP Real Estate Editor

How to use odorless paint and what to expect of it are things the home handyman ought to know about this now widely advertised product.

First, it works like any other kind of paint and the biggest manufacturers are now making it in virtually all types — flat, gloss, enamel, or what have you.

It is a superior type of paint being extensively used for hospitals, hotel rooms, hair dressing parlors and other places where quick redecorating jobs are necessary.

Therefore it may appeal to you, especially if the missus wants that kitchen or living room freshly painted next weekend to get ready for a ladies' aid meeting on Monday.

—:—

THERE ARE FIVE things to bear in mind when you use this new invention:

1. Use only the recommended odorless thinner if you must dilute the paint. No turps or mineral spirits. Otherwise you'll stir up as bad a stink as with any paint. Even less than 3 per cent contamination with the regular smelly thinners will give you that old-fashioned paint smell.

2. Stir the thinner into the paint about twice as long as you would stir turpentine. Odorless thinner mixes much more slowly.

3. It is better to clean your brushes outdoors in one of the old-style solvents to save time. Either turps or spirits work faster.

4. Ventilate thoroughly while painting, if you want to avoid a cheap drunk that will drive you *out for fresh air.*

5. Don't expect odorless paint to remain odorless after it is on the wall. It develops a certain amount of smell of its own while it is drying—not that of turpentine or mineral spirits — but nevertheless a little smell.

—:—

HERE'S WHAT a scientist says about that slight after-smell. He is Dr. Roy B. Davis, director of the Marshall Laboratory for E. I. DuPont de Nemours & Co., one of the largest producers of odorless paint:

"While we have just about solved the problem of the initial odor of interior decorative finishes, we have not solved the problem of odor on drying. The odor on drying of the new products is slightly better than their predecessors. Once the solvent has evaporated and the finishes begin to dry, the process of oxidation of the drying oils produces odorous products. We are trying to solve this problem, but it is not an easy one to solve and may not be solved for a long while."

—:—

THE SEARCH for odorless paints has been a long one. The main odor in paint comes from the solvent. First organic solvents were eliminated by the use of water-borne vehicles—the casein paints and rubber based latex paints. But this had no effect on the odor of oil paints.

When mineral spirits were substituted for turpentine it merely resulted in one odor replacing another. Then attempts were made to mask the odors of aromatic petroleum solvents with perfumes.

Lots of people remember the *experiments* with vanillin about 20 years ago. But it seemed that consumers didn't want to smell vanilla. Then deodorized kerosene was tried, but that slowed up the drying of paint and caused other troubles.

Around 1940 the DuPonts found an odorless solvent which was a by-product of making aviation gasoline. It worked fine for paint, but it took a decade or more to make it commercially available Dr. Davis says it has a different atomic makeup from the previous petroleum solvents.

After more research, the new petroleum by-product was worked into paints which, according to Dr. Davis, "were superior to the finishes we had previously sold."

Safety Council To Honor Top Cities in State

Reduction in Number Of Fatal Accidents Basis for Recognition

A plan to offer special recognition to cities with superior accident reduction records for 1953 was announced today.

Marion Police Chief Thomas Coon said the Ohio State Safety Council has divided all member cities in the state into six groups according to population. The groups range from cities between 5,000 and 10,000 to cities of more than 200,000 population. Marion is placed in Group III along with 11 other cities between 30,000 and 50,000 in population.

The safety council said awards will be made to each city in each group having the greatest reduction of fatal accidents of all kinds during the year. Occupational, home, public, and motor vehicle accidents all count. The awards will be based on the total fatalities for the municipal health district for 1953 compared with 1952.

In the event of ties, the award will go to the city with the lowest death rate per 100,000 population. If the tie still exists, the award will go to the larger city.

"We hope that the accident reduction awards will stimulate communities to a well rounded program of public safety promotion," Henri Marc, president of the safety council, said.

"So far as we know, there is no other award of this kind available to Ohio cities," he said.

The awards for 1953 will be announced as soon as all figures are available. It is not necessary for a community to enter or submit reports, the announcement said.

Other cities competing with Marion for the Group III award are East Cleveland, Elyria, Euclid, Mansfield, Massillon, Middletown, Newark, Norwood, Portsmouth, Steubenville, and Zanesville.

City Trucks Need Check

SALT LAKE CITY (AP)—Highway patrolmen set up a road block on the outskirts of Salt Lake City, checking vehicles for 1954 license plates and any safety faults.

They issued six tickets to vehicles with defective rear lights.

Five of the six were Salt Lake City garbage trucks.

Mortar Shell Blast Kills 6, Wounds 30 In Training Group

WITH 1ST MARINE DIVISION, Korea (AP)—A mortar shell which exploded when dropped accidentally at a training lecture killed 6 U. S. Marines and wounded 30 yesterday, it was announced Friday.

The shell presumably was an enemy missile. The instructor was showing how an American-made fuse could be adapted to it and apparently thought it had been made harmless, a division spokesman said.

The shell exploded as it hit the floor of a quonset hut at the division's mine warfare school just behind the front. The blast ripped out doors and windows and hurled fragments through the walls.

The instructor was killed.

Local Company Produces New Building Brick

Invention of Marion Firm Popular in Long, Ranch-Style Houses

A new type Roman Brick, invented by the Marion Brick and Tile Corp., is fast gaining popularity in ranch-style homes in the midwest and east.

The new brick, which went into production last November, is a cross between regular brick and Roman Brick. It differs from the standard brick in that it is longer and thicker; and it is smoother and more true to size than Roman.

Marion Brick and Tile began experimenting on the new-type brick a year ago and began producing it in November for distribution in Ohio and Michigan. Popular acceptance has led to expansion of the shipping area to include Pennsylvania, New York, Illinois and Wisconsin.

Thin and narrow, it measures 3¾ inches wide, 1⅝ inches thick and 12 inches long. A standard brick is 3¾ by 2½ by 8. The new brick is especially adapted for ranch-type homes.

Use of the new brick in homes in the Marion area will begin this spring, the Brick and Tile Corp. announced. To date, about a half million bricks have been shipped and many are in homes in the Chicago area.

The bricks are produced in the Marion Brick and Tile plant at Morral. From five to seven million of the new Roman bricks will be shipped this year. Additional facilities to manufacture this new brick are being planned and should be ready in 1955.

Roman brick first became popular on the west coast about 10 years ago but was considered a passing fad. Most Roman brick was made in the same manner as hollow building tile, scored deeply and split.

The resulting brick was smooth on one side and ragged on the other. An attempt was made to popularize the rough side of the brick but it was hard to stack, handle and unload and contractors and architects have been reluctant to use it.

The Ralston Coal and Supply Co., 676 Bellefontaine Ave., is the Marion distributor of the new brick.

Railroad Fire Damages Car

Cotton Bales Burn; Loss at Least $600

Spontaneous combustion was blamed for a fire which caused damage estimated at more than $600 in a carload of cotton in the Erie Railroad yards near Kenton Ave. last night.

The blaze was discovered shortly before 9 p.m. when an unidentified railroad employe spotted smoke coming from the locked car.

City firemen from the Central and W. Center St. stations answered the alarm at 9 p.m. and fought the blaze for two hours and 20 minutes. Much of the time was used in moving the 500-pound bales of cotton around and out of the car to get at the fire and make certain it was out.

Railroad officials estimated loss to the wood lining on the interior of the steel boxcar at between $500 and $600, Fire Chief Owen A. Sifritt said. No loss could be determined on the cotton damaged in the fire, he said.

The cotton was enroute from Memphis, Tenn. to Greylake, Mass. Firemen unloaded about half of it from the car and railroad workers planned to unload the remainder so it might be inspected to determine how much was undamged by the fire.

Eaton Executives Meet

Fourteen members of the executive force of the Marion Forge Division, Eaton Manufacturing Co., were entertained at a dinner-meeting held at Harding Hotel Thursday night.

Following the dinner, Samuel H. Wood, plant manager talked briefly on plant operations which was followed by a general discussion.

Only other run by city firemen during the last 24 hours was to the residence of Ralph Rupp at 170 Glad St. at 11:44 p.m. Friday. Rupp told firemen he and his family thought they smelled smoke. Firemen said they actually smelled gas fumes from a heating stove. There was no fire and no loss, firemen said. The alarm was answered by Central and W. Center St. station firemen.

Cars Collide in Morrow

No one was injured in a minor Morrow County traffic mishap reported today by the Marion post of the state highway patrol. Cars driven by Wilham C. Swearingen, 25, of 469 N. Prospect St. and Henry W. Plotner, 58, of Martel collided at the intersection of Routes 30-S and 61. Time of the accident was 8 a.m. yesterday. Damage to both cars was slight. Plotner was arrested on a charge of failing to stop in an assured clear distance.

A-1 USED TRUCKS

Here's a good line up of used trucks that are priced to sell, ready to go to work and easy convenient terms can be arranged for the truck of your choice.

'53 Ford F-100 Pickup
A clean low mileage 8-cylinder ½-ton pickup with 6-ply tires, heater and other extras. This truck was used in our parts department and carries a new truck guarantee.
Only $1295 full price.

'52 GMC Two-Ton Van
A Series 350 extra long wheelbase with a 15-foot insulated van body. 8.25x20 tires all around. This truck is like new and has less than 12,000 actual miles. Here's the best buy in town.
Only $1495 full price.

'52 GMC 1½-Ton Van
A good looking truck with a 12-foot closed van body, double doors in rear and curb side down. This is an exceptionally low mileage truck and extra good tires.
Save hauling $$$ with this.

'51 Studebaker Dump
A 2-ton chassis, 8.25 tires, 2-speed axle and good dump body and hoist. Here's one you can buy and it will pay for itself this spring. Hurry on this one as it is priced to sell.
Only $895 full price.

'51 Ford F1 Pickup
Be sure and see this little ½-ton pickup, deluxe cab, 6-ply tires and many other extras. The best part however is that it has a brand new engine.
An A-1 Value at $795.

'49 Willys Panel Delivery
You can really cut your delivery costs with this economical little truck. New paint and A-1 mechanically. Truck has less than 30,000 miles and was owned locally. Be sure and see this one.
Only $495 full price.

'48 Ford F6 Dump
Fully equipped and ready to put on the road with a new 8-cylinder engine. Good 8.25 tires and two-speed axle. Equipped with model D30 Marion body and hoist.
Terms can be arranged on this

'46 Mack Cab Over Engine
A two-ton cab and chassis equipped with 18,000 pound rear mounted winch and cable. Ideal for heavy duty lifting and towing. The winch alone is worth more than what we are asking for the complete unit.

'38 Dodge 1½ Stake
Don't let its age fool you. This truck is clean and has a rebuilt engine and good tires, equipped with a 12' stake body that is less than two years old.
Only $245.

'52 Ford F8 Tractor
One of the famous big jobs, big engine, big tires to do a big job. Straight air brakes and hand valve, spoke wheels, tanks and fifth wheel. Engine has been gone over completely. We can make you a real deal on this one.

'52 Ford F6 Tractor
This is as clean a truck as you will ever see on a lot. Less than 12,000 miles; two-speed axle, 8.25 tires and is clean throughout. This also has the big '6' engine that has been so popular.

Pastors Plan Messages On Significance of Lent

First full week of the Lenten season will begin tomorrow. The series of mid-week services arranged by Marion churches marking the period were begun last Wednesday. Pastors have planned messages for the succeeding mid-week services centered around the theme of preparation of worshipers for the observance of Holy Week, Good Friday crucifixion of Christ, and the climaxing celebration of Easter, day of His resurrection.

The week-night services during Lent set by St. Mary Catholic Church include sermon and Benediction on Tuesday nights and Way of the Cross and Benediction on Thursday nights. On Sundays there is Holy Hour and Benediction at 4 p.m.

—:—

NEXT WEEK at St. Paul's Episcopal Church there will be a Lenten communion service at 11:30 a.m. in connection with the meeting of the Women of St. Paul's. On following weeks, the Tuesday morning communion will be at 10. Wednesday night services during Lent will be at 7:30 with sermon followed by communion instruction. Friday morning communion services will be at 7:15. After vestry meeting Thursday night, a study group will meet.

In the series of messages at the midweek Lenten vesper service at Emanuel Lutheran Church Wednesday night on the general theme of "Jesus, Keep Me Near the Cross," the pastor, Rev. M. E. Hollensen, will speak on "Lest, Like Caiaphas, I Give Way to Formalism."

Guest speaker at Epworth Methodist Church Wednesday night will be Rev. Herbert Thompson, manager of the Methodist Camp Grounds at Lakeside.

—:—

SECOND IN the series of midweek Lenten services at First Evangelical and Reformed Church on Wednesday night will be in charge of the pastor, Rev. J. Paul Goebel, who will preach on the first article of the Christian faith, "God, the Father Almighty."

"A New Convert," referring to Philip, will be the theme of the midweek Lenten service at Salem Evangelical and Reformed Church Wednesday night. The general subject for the series is "Followers of the Christ." Emphasis on the meaning of the season to the worshiper is the keynote of the services throughout the six-week period on Sunday mornings and at the 7:30 p.m. Prayer Fellowship meetings as well as the special midweek hour.

Tomorrow, a Sunday evening Lenten service for St. Paul's English Lutheran Church members will be sponsored by the Florence Knauss Missionary Guild. This is one of two special Sunday evening services during Lent. The programs of worship at 7:30 will be built upon the theme, "The Living One." Music will be directed by Mrs. Ross Shoup.

EUB Pastors To Meet

Greenwood EUB Church will be host church on Monday to the Marion-Bucyrus ministerial groups of the Evangelical United Brethren Church, beginning at 10 a.m. The host pastor, Rev. Lynn H. Harris, will present "The Minister and Church Finance." Lunch will be served in the Greenwood Church Parish House.

Christian Alliance

Visiting their home church in Marion tomorrow will be Rev. and Mrs. Merl Graven, missionaries to Cambodia, Indochina, who will be heard at the services of the Christian and Missionary Alliance congregation. Mrs. Graven is the daughter of Mr. and Mrs. L. O. Gerwig of Merkle Ave., and her husband's home was originally at Ashland.

The Gravens are planning to return to their work abroad in the next few weeks. Rev. Graven will preach Sunday morning and evening, and Mrs. Graven will speak at the Sunday School hour in the morning and at the young people's service in the evening, the pastor, Rev. Jearl Barr, announced.

Sermon Topics

First Presbyterian, "Spirit Wins."

Emanuel Lutheran, "Destroy This Temple, and in Three Days I Will Raise It Up."

Epworth Methodist, "We Believe in Christian Experience."

REV. BLISS M. WIANT
Will Present Program Monday

Rev. Bliss Wiant To Give Program On Chinese Song

Presented in Marion Monday night by the Lecture-Recital Club at its final patroness program of the season will be Rev. Bliss M. Wiant, Methodist minister of Delaware and for many years head of the department of music at Yenching University in China.

He will speak and display his collection of Chinese musical instruments at this public lecture at Epworth Methodist Church. At present he is pastor of St. Paul's Methodist Church in Delaware and has been on the staff at Ohio Wesleyan University since returning to this country from China in 1951. He is a relative of Marion residents His presentation is set for 8:30 in the service chapel of the church.

After graduation from Ohio Wesleyan and the Boston School of Theology, he earned his doctor's degree from Peabody College and studied at the New England Conservatory of Music. Ordained a minister in 1923, he left that year for Peking to organize and administer the department of music at Yenching University. He has composed hymns which appear in hymnals of many churches, and plays the piano, pipe organ, and violin, as well as Chinese instruments. He and his family were the last Methodists to leave North China after the Communists came to power, and the next to the last from the denomination in all China to leave their work, after two and a half years under Communist rule.

Young music students are to be special guests at the program. Rev. Wiant was in Marion a year ago in May as speaker at the district Junior Music Clubs meeting for which the Youth of Lecture-Recital Club was host. There will be no admission charge for this program.

Christ or Just Religion

A Sermonette

By REV. LYNN H. HARRIS
Pastor of Greenwood Evangelical United Brethren Church

The period known as Lent has made its way into the Christian calendar of 1954. In reading the record set forth in John's gospel, I find a timely treatise for these initial days that approach the day when Jesus Christ laid down His life as the ransom price for the redemption of mankind. The text I would use to treat this subject would surely be the 32nd verse, "And if I (Jesus) be lifted up from the earth, will draw all men to me." "This he said, signifying what death he should die" (verse 33). The writer is keenly aware that from this text leaps a very unpopular theme — "The Lifted Lord." Especially in this age when it asks for a re-arrangement of the present program of life which the masses are clamoring for today. The text projects more than the Lifted Lord, but lifted light and lifted life. To develop all these is impossible, but there are several sub-points under the Lifted Lord that would do much to establish us in a more meaningful, and practical faith which would contribute to many.

—:—

THE ATONEMENT of the Savior is hid away in the 33rd verse, ". . . what death he should die." He was slain for our sins. Sometimes we are prompted to wonder just how many are aware of this fact, that "Christ died for the ungodly." The intensity of this fact should press us to be willing, to do many things Godward. Not only was He slain for our sins, but He suffered to save us. To recount the galling steps from malicious apprehension in the garden to the glaring cruelty of the Cross itself would be a taxing ordeal — the scourging, the shame, the mockery of thorns along with the heat, and the hate, the excruciating pain mingled with the tantilizing chants of a milling throng "Crucify Him!" He suffered this, my friend, to save men — factory men, office men, merchants, professional men, the high and the low, the cultered and the illiterate, the black and the white, yes the great and the near great and the small. The text screams out "will draw all men unto me." Beside this we find the Son of God bleeding to bless. Scripture teaches, and that is the basis of authority, that without the shedding of blood there is no remission of sins. Remission of your sins is truly a blessing Many today have not experienced this paramount crisis of life of knowing and feeling that their sins have been forgiven, and that pardon has been executed in their behalf. Those who have felt load lifted with all its hideous condemnation surely would not draw back from the worship of his Justifier. Then what an unusual extent of love that the Father forgives, that is, loves as if we had never opposed his way of life. This blessing comes through bleeding of the Savior.

—:—

THE AUTHORITY of the Savior is set out in prominent style in the 31st verse, "Now is the judgement of this world: now shall the prince of this world (the devil) be cast out." Christ is more than mighty: the enemy is that. Christ is Almigty. He is the omnipotent One, that is, without limit — having all power over things, conditions and opposing personalities, even satan. There can be no circumstances in this realm. All who would trust Him and be resigned to his Way of life can experience this over-powering of the forces that defeat. As the enemy of our souls attacks us and tends to distort righteousness. God said, "I will raise up a standard against him." Ah yes, Christ can wrench from the hands of the prince of this world our lives and our crippled thinking until the mind of Christ be in us. This comes to others, not from us but by us, as we lift Christ above the realm of the earthly.

—:—

THE ATTRACTION of the Savior is the last and possible the most momentuos consideration. "Draw all men unto me." I may be wrong at this point, but I believe that we could take most any man of us and so attack his character with malicious words, and be offended before others at any reference of his person, disregard his personal presence, oppose any of his rules of goodness, and just completely turn against him, I tell you it wouldn't be long until, as a result of such vulgar and vicious onslaughts, there would be multiplied thousands engaged in a society of organized hatred against this individual. He would become a proverb and joined to the practice of profanity. He could bceome the object of boos and jeers. Threatenings and hisses would accompany the mention of such a one. But I once heard an old saying, "It is a poor rule that doesn't work both ways." How right this is scripturally. If Christ would be lifted up today, if there was genuine reverence for His name, honored, worshipped, obeyed and loved above the things which are earthly, then, it is that his Person pulls on men and persuades their hearts to an adjustment in pursuit of life. As we look forward to these days may God help us to give Him the place of honor especially on the day that He laid down his life in death for us.

Trinity Church At Mt. Gilead Reaches Goal

MT. GILEAD — The Trinity Methodist Church in Mt. Gilead reached its goal of $80,000 in the campaign of funds for church expansion it was announced by the pastor, Rev. David W. Skeen.

Total donations, gifts and pledges amounted to $80,334 as of Sunday morning it was announced by Rev. Skeen. Many gifts and subscriptions yet to be received are expected to make the total of $100,000, Rev. Skeen said.

The two-story church addition is not expected to be started until next spring. Members of the building committee headed by Nelson Campbell are meeting with the architect, David Maxfield of Oxford, to make refinements and changes in the building plans.

The two-story addition will be located to the south and east of the present church structure and will house education classrooms.

Charles O. Wheeler was the general chairman of the fund drive, approximately 100 workers made the solicitations under the direction of Dale Mosher, Robert Gearhart and Homer Bates Guidance service in the conduction of the drive was provided by Arthur B. Nichols representing the firm of Marts and Lundy, Inc., of New York.

Approximately 12½ per cent of the donations were in cash gifts and the remainder in pledges.

Union EUB Services Will End Sunday Night

Closing services of the union Evangelical United Brethren Gospel Truth Crusade will be tomorrow night at Oakland Church in charge of Rev. Morlen Dorsey of Chillicothe, who will preach, and Mr. and Mrs. Jack Bierce of Logansport, Ind., music evangelists The various churches cooperating in the special effort will have their own services in the morning.

At 6:30 p.m. a union Youth Fellowship meeting will be held at the Oakland Church Parish House led by Mr. and Mrs. Bierce. The young people will then attend the final evangelistic service in a group at 7:30 and return to the Parish House following for fellowship and refreshments. Churches taking part in the meetings besides the host church will be Calvary, First and Greenwood and members from the rural Salem Church.

Conroy Named In All-Buckeye League Squad

Harding's Ron Conroy was named to a second team berth on the All-Buckeye League basketball squad selected by league coaches and announced today. He was the only Prexie player mentioned in the balloting.

Conroy, a senior, paced the Harding offense throughout the season. The pint-sized guard popped in 254 points for the Prexies during the regular season and added 12 in the sectional tournament tilt with Mansfield this week. He received a total of 11 votes in the balloting.

Fostoria landed two berths on the first team while league champion Fremont, runner-up Findlay and third - place Bowling Green each gained positions on the first team.

Fostoria's Jim Arwood led the balloting with 28 points while Fremont's Larry Miller received 25 votes. Jim Graham of Bowling Green and Dave Miller of Findlay collected 24 and Hubert Landers of Fostoria polled 23.

Conroy was joined on the second team by Dean Doren and Jack Baron of Fremont, Jerry Buckels of Bowling Green and Bill Groman of Tiffin. Doren had 17 votes while Baron, Buckels and Groman all received 16.

Honorable mentions went to Phil Ward of Bowling Green and Gene Smith of Tiffin.

Club Group Shown Film on Rose Bowl

A color film, "Tournament of Roses," entertained members of the Exchange Club at their luncheon meeting Friday at Hotel Harding.

Three prospective memberships were presented and approved and Fred Schultz, president, announced that a luncheon meeting will be held March 19 in the YMCA at which time the members will be taken on a tour of the building.

Following the film, John W. Salisbury, whose hobby is growing roses showed slides of flowers from his rose garden. William Wohlschlag was a guest.

Confident Living

By NORMAN VINCENT PEALE

How To Avoid Frustration

A California woman looked fretfully at her untidy home. She had come to the conclusion that housekeeping was beyond her, she was continually tired and exasperated by trying to keep her house neat. So, she set fire to the place and burned it to the ground. That was her solution to the problem of frustration.

DR. PEALE

Twenty-five years ago, a man walked out of his house and did not come back because he couldn't stand his wife's nagging. Not long ago, he returned as if from the dead. His wife told reporters that she was glad to have him back; he said she was much quieter than she had been when he left. That was the way he handled frustration.

A 50-year-old business man was found dead at his desk with a revolver in his hand. He had left a note. "Life has become so complicated, my job is too demanding and too big—I just can't stand it any more." Thus he dealt with his frustration.

—:—

AND, JUST THE other day, a man came up to me at a public meeting to ask if I could tell him why he got drunk so frequently. "It may surprise you," he told me, "but I hate liquor and everything connected with it. But I can't stand to live with myself, and it's the only thing I know that can get me away from myself."

All these people had one problem in common—frustration. Obviously the solutions that they found were not sensible ones. Yet, frustration is a serious problem for many. A neurologist has said, "In my opinion, frustration of one kind or another is the greatest cause of nervous breakdowns." Long ago, Thoreau wrote, "Most men live lives of quiet desperation."

What, then, is the secret of avoiding frustration? A helpful answer is in a few simple words from Ephesians, "Having done all, to stand." This means that when you have done everything you can do, there is nothing more for you to do. Then just stop and don't do anything further.

My good friend, Dr. Smiley Blanton, the eminent psychiatrist, thinks that this sentence from the Bible is a perfect guide to mental health. Simply do the best you can, then confidently leave the results to God. Don't get excited, nervous, or be in a dither. Just stand on what you have done. It will be alright.

Many of us get so exasperated, so overwhelmingly frustrated by conditions, by people, by ourselves, and by life itself, that it seems we can no longer take it and must give way under the pressure. We may not burn down our houses, walk out on our families, shoot ourselves or become alcoholics, but in many subtler ways we allow these frustrations to dominate us and destroy the happiness and effectiveness of our lives.

To avoid frustration, I suggest a simple plan and it has helped many. Just practice facing the conditions and situations you meet as calmly as you can. Do the best you can about them and then do nothing else. If you rush feverishly around beating the air, you arouse the hot and irrational emotion of frustration. You can best oppose this with the cool emotion of quietness and poise. Practice entertaining quiet thoughts and thus utilize one of the most effective of all therapies.

—:—

YOU CAN greatly benefit emotionally and mentally from the healing benediction of quiet thoughts. Don't tolerate excited thoughts, or hot thoughts, or nervous thoughts, but practice quiet thoughts until you become proficient in this mental pattern. This will cure you of frustration.

There are some heights in life to which no exasperation, no frustration can ever ascend. You can attain this level of living through the day-by-day practice of your religious faith. From sincere faith you will draw that God-given quietness by which presently you can avoid frustration.

JUNE ALLYSON and James Stewart are the stars of the technicolor production of "The Glenn Miller Story," which currently is playing through Tuesday at the Palace Theater.

Feature at Palace Theater Describes Glenn Miller's Life

"The Glenn Miller Story," technicolor production of the great band leader's life story and starring James Stewart and June Allyson, is currently playing through Tuesday at the Palace Theater.

It re-creates the exciting times in which the bandmaster built his renowned orchestra and features the songs he made famous. The picture starts from the time Glenn Miller was struggling to find a "new sound" in musical groups, and carries him through his whirlwind romance with his wife-to-be to his fabulous success in dance hall and cafe, on the radio and in theaters, and eventually his formation of the great Army Air Force Orchestra and the tragic flight during which he was lost.

Billed for Wednesday and Thursday are "Captain Paradise" starring Yvonne DeCarlo, and "The Gay Adventure" with Burgess Meredith, Jean-Pierre Aumont and Paula Valenska.

The situation in "The Gay Adventure" involves a beautiful girl travelling on an express train from Paris bound for the coast. During the journey she meets three men, each of whom see her as a different personality, and daydreams of himself in an adventure with her.

The attractions Friday and Saturday will be "The Joe Louis Story" and "Ride Clear of Diablo." "The Joe Louis Story," with Paul Stewart, Hilda Simms, James Edwards, John Marley, Dots Johnson and introducing Coley Wallace as Joe Louis, covers two decades of Louis' life, picking him up in Detroit in his late teens in 1932 and taking him through his fabulous career which was ended by Rocky Marchiano in October, 1951

"Ride Clear of Diablo" stars Audie Murphy, Dan Duryea,, Susan Cabot and Abbe Lane. The story concerns the efforts of a young railroad inspector to seek out the murderers of his father and younger brother. Deputized by a crooked sheriff, the young manhunter finds himself allied with the gunfighter who rules the lawless town of Diablo and together they track down the killers.

During World War II France lost 25 per cent of its locomotives and 20 per cent of its railroad cars.

'Easy To Love' on Twin Bill at Marion Theater

"Easy To Love," technicolor musical production starring Esther Williams, Van Johnson and Tony Martin, and "Without Reservations" starring Claudette Colbert and John Wayne, will be shown Sunday and Monday at the Marion Theater.

The former is the story of a water-skiing star who finds herself deep in man trouble. She is in love with her boss, owner of Florida's Cypress Gardens, but he, a bachelor-minded man, is intent on escaping from her embraces while Tony Martin is equally determined to win her.

Billed for Tuesday and Wednesday are "The Hunted" and "Follow the Fleet."

Starring Fred Astaire, Ginger Rogers, Randolph Scott, Lucille Ball, Betty Grable and Harriet Nelson, "Follow the Fleet" is a musical with the story revolving around the romantic adventures of a couple of sailors on leave in San Francisco. It features seven Irving Berlin song hits and many dance routines.

Sterling Hayden, Joy Page and J. Carroll Naish co-star in the film, "Fighter Attack." Main attraction of a double feature billed for Thursday through Saturday. Also showing will be "Northern Patrol" with Kirby Grant.

The former tells of the leader of a fighter squadron who on his last mission over Germany is shot down but parachutes to safety, finding refuge with the guerrillas.

In the latter, Kirby Grant as Corporal Rod Webb of the Royal Canadian Mounted Police brings to justice an outlaw pair which commits murder and then tries to steal a secret fortune hidden in an ancient Indian burial ground.

Ohio Theater Bills 'The Bigamist' and 'World for Ransom'

A double feature, "The Bigamist" starring Joan Fontaine, Edmond O'Brien and Ida Lupino, and "World for Ransom" with Dan Duryea, Gene Lockhart and Patric Knowles, will be shown Sunday through Wednesday at the Ohio Theater.

"The Bigamist" presents O'Brien as a traveling salesman who is in love with his wife, but makes one false step in the direction of passion and finds himself bearing a burden of guilt and torment.

"World for Ransom," a drama of international intrigue in Singapore, tells the story of a plot to kidnap one of the few scientists in the world who knows the secret of the hydrogen bomb. Dan Duryea, as an adventurer, becomes involved in the kidnaping plot innocently and is forced to save the scientist to clear himself.

Starting Thursday will be the Cinemascope production of an American frontier epic, "The Command," starring Guy Madison with Joan Weldon and James Whitmore.

Filmed in color, "The Command" has a setting in Wyoming during the great savage uprising in 1878. The story concerns the plight of a troop of cavalry when the ranking field officer is killed and the command falls to an able though inexperienced medical officer played by Guy Madison.

His task of protecting the settlers of the Wyoming territory from a savage onslaught is made complex by the necessity of proving himself worthy to his men and second to Joan Weldon, the woman he loves.

'Texas Terrors' Billed With 'Niagara' at State

"Niagara," in technicolor and starring Marilyn Monroe and Joseph Cotten, and 'Texas Terrors" with Don (Red) Barry, will be shown Sunday and Monday at the State Theater.

Billed for Tuesday and Wednesday are "Jamaica Run" and "It's In the Bag." The former, in technicolor, stars Ray Milland and Arlene Dahl, and heading the cast in the latter are Fred Allen and Jack Benny.

Joseph Cotten and Teresa Wright are the stars of the film, "The Steel Trap," which will be the main attraction of the double feature Thursday and Friday. Completing the billing will be "The All American" with Tony Curtis and Lori Nelson.

Saturday only, the attractions will be "Back to God's Country," in technicolor, with Rock Hudson and Steve Cochran, and "Black Hills Ambush" with Allen "Rocky" Lane.

Chinchillas for breeding in the United States were first shipped from South America in 1923 and most were used to increase the number of animals, with pelts for furs still relatively scarce.

Michigan Governor To Speak at OWU

DELAWARE — Michigan's governor, G. Mennen Williams, will set the tone for the sixth annual Democratic Recruitment Day Monday under the sponsorship of Ohio Wesleyan University's Institute of Practical Politics.

Democratic party chieftains from throughout Ohio are expected at the meeting which follows by one week the Republican Recruitment Day held on the campus.

Governor Williams will open the day-long program with a political talk before Ohio Wesleyan's 2,000 students at 11 a.m. in Gray Chapel.

Last Monday's keynote speaker for the GOP was Congressman Dewey Short (R-Missouri), chairman of the House Armed Services Committee.

About 54 per cent of the total land area of western Europe is suitable for farming or grazing.

Government Urges Storage of Grains On Farm Continue

WASHINGTON (AP)—The government called upon farmers today to store on farms another year about a half billion bushels of 1953-crop grains to help meet what it described as the most serious grain storage problem ever faced

The problem will reach a peak when this year's crops are harvested next summer and must compete for storage with record surpluses accumulated from past years

As an incentive the Agriculture Department offered farmers storage payments to hold such grains as wheat corn, oats barley grain sorghums, rye and flaxseed stored under the government's 1953 price support loan program

The department also announced it will continue for another year the farm storage and equipment loan program designed to encourage expansion of farm storage Under this program, farmers may borrow up to 80 per cent of the cost of building or buying additional storage space and up to 75 per cent of the cost of drying equipment The interest is 4 per cent a year Storage loans are payable in four years and equipment loans in three

Nine Years After the War

A measure of the vast difference between the impact of World War II on Britain and its impact on the United States is Prime Minister Churchill's cheerful prediction that rationing will end this summer.

Things are looking up as the result of his ministry's policies, according to Churchill. The cost of living has been stabilized. Food supplies are beginning to be plentiful. Store shelves are starting to fill up with inventories of merchandise. Chronic shortages are almost a thing of the past.

This does not mean, of course, that Britons have recovered from the staggering impact of two major wars only two decades apart. It means only that they have recovered sufficiently nine years after the end of World War II to shuck off rationing.

All the grim facts about British economy — the painfully low standard of living for wage earners, low national output of industrial production, punitive taxation and wartime losses of wealth — still exist.

To most citizens of the United Kingdom, the necessities of life under the American standard of living, are still unattainable. Until rationing finally ends, two ounces of cheese will still represent a week's allowance. Less than two tons of coal a year will be obtainable for each consumer, except in the northern regions.

Monroe Doctrine Revived

The United States delegation to the Tenth Inter-American Conference at Caracas, Venezuela, is charged with a special responsibility —the application of the Monroe Doctrine to a 20th Century threat.

Last November when the agenda for the conference was drawn up, "intervention of international communism in the American republics" was included.

The original Monroe Doctrine in 1823 offset a European scheme to overthrow new democratic governments which has replaced colonial administrations set up by Spain. The threat then was the plan of the Holy Alliance of Austria, Russia and Prussia "to put an end to the system of representative government" in the new world.

The threat now is the plan of the international Communist conspiracy to do the same thing.

The United States, beginning with the Truman Doctrine as applied to Greece and Turkey, has taken a firm position against "intervention of international communism" not only in the American republics but in every part of the world where the issue has been joined between the Communist Internationale and the desire of human beings to be free from political, social and moral absolutism.

Communism has shown itself in tangible form in at least one Latin American country, Guatemala. John M. Cabot, assistant secretary of state for Latin affairs, has asserted that Guatemala is "openly playing the Communist game."

Russia is now in an "unholy alliance." Its willingness to nib into the affairs of the new world has not been diminished by its Communist masters or the passing of a century and a quarter of history. Europeans are still determined to dominate the Americas if they can get away with it.

Ever-Busy Communists

When violence flares in troubled countries, Communists are never far away. They are near at hand in Puerto Rico, whose political violence has exploded twice in Washington — once in a shooting affray in front of Blair House in 1950, once in the House of Representatives this week.

There is a working alliance in Puerto Rican politics between the Nationalist party, nominal source of the assassins who have struck terror in the United States, and the Communist party. Together, they are a tiny minority, making up in violence what it lacks in numbers at the polls.

The minority's rallying cry is complete independence for Puerto Rico, instead of the commonwealth status the republic was given under an act of Congress in 1950. A previous act had given Puerto Ricans the right to elect their own governor. Puerto Rico came under United States authority in 1898 through the Treaty of Paris.

In June, 1951, Puerto Ricans accepted home rule, as offered to them by Congress in 1950, and authorized the drafting of a constitution in a mass plebiscite. This was done and the result affirmed by Congress on July 3, 1952. Puerto Rico has been self-governing ever since then, though continuing to be a possession of the United States.

This was a hard blow at the Communists and a hard blow at the irreconcilable Nationalists, particularly their leader, Albizu Campos, a Harvard Law School graduate who never has forgiven the United States for treating him as a Negro in World War I when he was commissioned and given command of an all-Negro regiment.

The Communists — and Campos — never tire of their mission to prove to the United States that it is within their power to cause endless bloodshed and trouble.

Off-Cuff Statements Disservice to Country

Well, they had five members of the Senate subcommittee instead of one on the job — as recently recommended by President Eisenhower.

They had a "code of fair procedure" — also as recommended.

The witness, Dr. Marvin Sanford Belsky, now in the Army, was represented by counsel — also as recommended.

There was no "brow beating" of anybody. Yet the facts turned up at the Thursday hearing of the committee of which Sen. McCarthy is chairman are these:

1. Dr. Belsky, an alleged Communist, refused to answer the Army's questions about whether or not he was a Communist.

2. Dr. Belsky declined to tell the committee whether he aided the Communists any while in the Army.

3. Dr. Belsky was not granted a promotion, though he applied for a commission, and he was never given any official reason for that refusal.

-:-

IT TURNS OUT that all the talk about how hard it was for the Army to keep Dr. Irving Peress, dentist, known to the Army as a Communist from being promoted from captain to major or from being denied an honorable discharge was a lot of baloney.

Yet it didn't take the testimony of Dr. Belsky alone to prove that point. Charles E. Wilson, secretary of defense, came back to town and opened up with a free-swinging press conference that disclosed these unpleasant points:

1. That the Army could have found a way to prevent Maj. Peress from getting a commission and that a court-martial could have been ordered.

2. That he ordered the 21 Americans who refused repatriation in Korea to be court-martialed when Army lawyers were debating whether he could order a court-martial.

3. That, while legislation to keep Communists from getting honorable discharges or commissions would be helpful, the secretary of defense doesn't need it. He said: "I know how to get the Communists out of the Army without legislation if I have to."

Then Wilson said that, while Secretary of the Army Stevens was technically responsible, he knew Stevens had done the best he could with a "tough situation." As for the handling of witnesses, Wilson didn't think they should have to face "any such situation," namely, vigorous cross-questioning by congressional committees.

-:-

WHAT MAY BE inferred, of course, is that the Army should be able to put officers on the witness stand who knew the score in such cases and thus avoid embarrassment for commanding officers who merely carry out orders that the legal branch of the Army gives them.

In all this, the position of Stevens is deserving of real sympathy. He was out of the country while most of the row about Dr. Peress was going on. When he came back, he stated frankly that whatever errors had been made would be corrected and that certainly a way should be found to rid the Army of Communists and keep any of them from getting honorable discharges. He had not read the Zwicker testimony when he made his later comments about witnesses not being represented by counsel. He had not read what Gen. Zwicker had said that exasperated Sen. McCarthy. He didn't know that the Army had not sent counsel to the hearing.

The whole episode is replete with the aggressiveness of an interested press. Reporters ran back and forth from one controversialist to the other, paraphrasing comments in the haste of news gathering. The latest example was on Thursday when Wilson's comments were carried back to McCarthy, who, without being advised of the entire statement by Wilson, impulsively let out a blast against what he thought was an unfriendly criticism by Wilson.

-:-

ONE WONDERS how much the country would be spared the kind of cat-and-dog-fight atmosphere it is reading about in the press if each of the principals would take time enough to read the official stenographic record of these hearings and the full texts of statements and then issue calm and deliberate statements rather than resort to off-the-cuff comments.

Speed in gathering news can in this instance bring a disservice to all concerned, though the press is not to blame if public officials cannot restrain their comments and instead blurt out answers to questions that had best be deferred till they have all the facts.

So far as the politics of it all is concerned it is to be noted that the Stevenson-Truman supporters in Congress and elsewhere have been active in fomenting for some time the idea of a break between the President and McCarthy. Just why the President must be held responsible for the public statements of all Republicans is a mystery that can be explained only by the knowledge that the White House amateurs don't know how to deal with the professional trouble-makers who egg them on to get the President to denounce the Wisconsin senator repeatedly.

-:-

ONE WAY to take the sting out of the Communist issue which is bothering the Democrats so much is to try to discredit the man who has dramatically exposed laxity in handling Communists in government.

What the Republicans who know their politics realize, of course, is that McCarthy the man may be disliked by his critics and enemies, but the issue which he raises is bigger than any man. To alienate McCarthy is not difficult for the White House to do but to alienate some 15,00,000 to 20,000,000 voters who, according to recent public opinion polls, agree with his views is to court political disaster.

Many Republicans can do as they have done in the past — stay away from the polls. To the zealous followers of a leader on an emotional issue, there is no length to which an internal party squabble cannot be carried. The lesson of the third party and the 1912 Republican split surely has not been forgotten.

Cotton Corners

By TRUMAN TWILL

Dear Nephew: We are fascinated by your description of the new gadget you have ordered to keep the grass cut this summer. I do mean "fascinated."

You are the fellow—the same one—who was telling us a few years ago about your million-dollar idea for paving your lawn with "greentop." You suggested at that time a covering of undertaker's grass as an alternative to the "greentop"—or for use on special occasions such as garden parties and outdoor weddings.

I remember how we even got down to the fine points of figuring costs in terms of green concrete and green enamel for asphalt and so on. We proved without any trouble that over a ten-year period the stuff would pay for itself in savings on lawn-mowing equipment, grass seed, fertilizer and time wasted on cutting grass.

Yet now you are busting out with unrefined job because circumstances have made it possible for you to possess enough real grass so you need a complicated machine to keep it cut down. And besides the machine you must have the assistance of a flock of silly tomfool sheep.

Look, son, if your head is feeling hot you had better see the doctor—the one with the couch and scratch pad. Remember you are talking to a brace of reformed dirt farmers when you ask your auntie and me to share your excitement over a contrivance to be cutting grass, even if it's painted red and chugs, "Show Me The Way To Go Home."

Why this odd passion for grass all of a sudden? Are you turning herbivorous? Have you gone balmy about the open space? Were you hurt worse than we thought you were that time you fell out of the haymow on your head?

You started out as a boy bride in an apartment building. No grass. Then there were five other apartments. Still no grass. Then you moved to the suburbs to raise a family. Grass, but not much. Then you moved back into town so the family you had raised could go to school. Still less grass. Not enough to mention.

Then you moved into a bigger house because your family had grown some more. This time you really had grass—enough to keep you busy a couple hours a week with that toy lawn mower you used. Then, zowie! You get the itch to live in the country.

It never crossed our mind that you wouldn't raise marijuana, pop corn, black walnuts, or soy beans on some of that acreage. When you told me last year it was going to be one big meadow, with an acre of lawn grass around the house, I began to think about the accident in the haymow.

I thought about it harder than ever when you told me last May how long it was taking you to get over the lawn grass every time it needed cutting. But now you are asking me to help share your anticipation of a machine that will make it possible for you to ride while cutting the lawn and helping the sheep in the meadow.

We are hoping for the best. We are hoping you will see in plenty of time that you are getting grass-happy so you can move back into an apartment and spend your declining years cutting out coupons from magazines.

Spread around our regards among the members of the family. And try to get a grip on yourself.

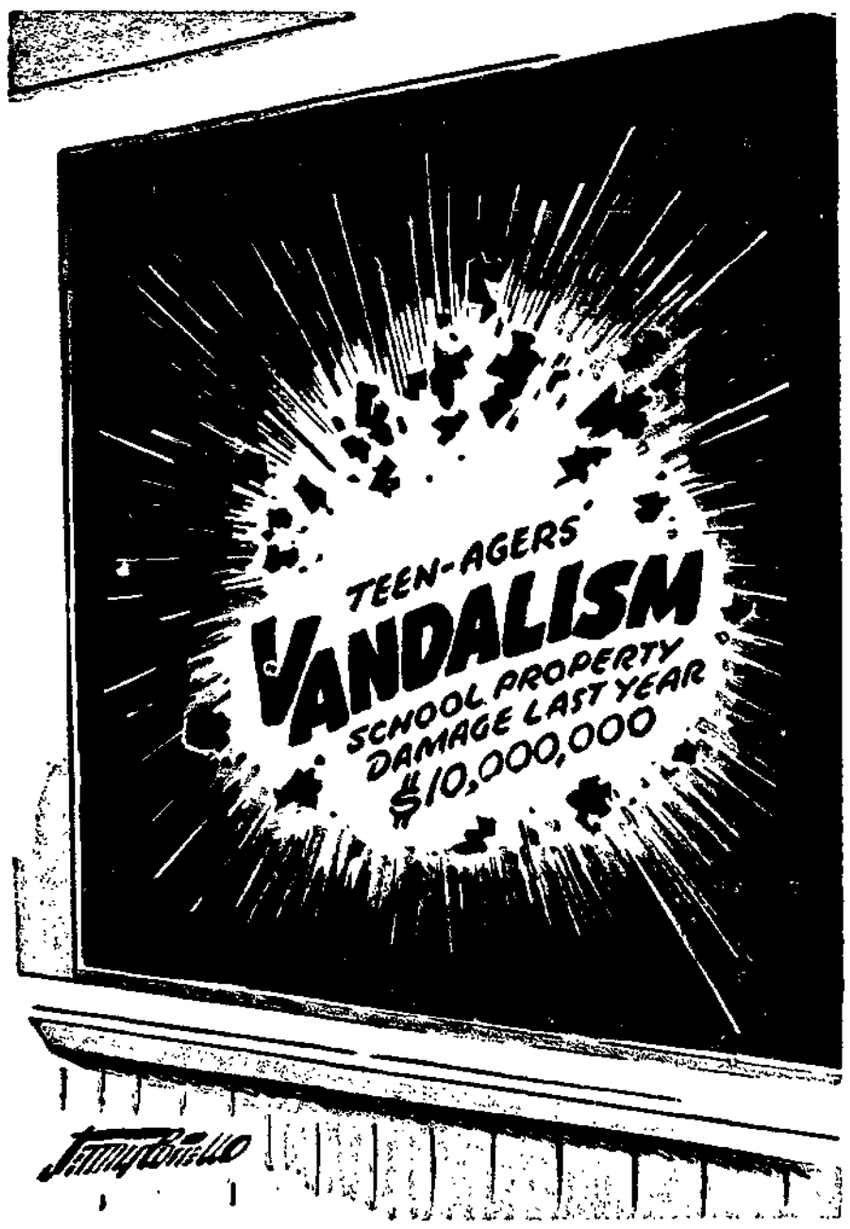
New School Problem



France Losing Trade War by Default

By Martin S. Hayden

PARIS

Eight years after the Nazi surrender in the little schoolhouse at Rheims, France and Germany are "at war" again.

This time jigs and tools and factory machines are the weapons —and France the loser. A simple set of figures gauge the results in this postwar battle for economic recovery and supremacy:

In five years Germany has increased her exports from an annual $1,200,000,000 in 1948 to a $4,300,000,000 total now; France, ahead of Germany with $2,500,00,000 in 1948 sales abroad, now trails with $3,700,000,000.

The reasons are several for this post war paradox which sees the wartime winner the loser and the loser the winner eight years after the shooting stopped; among them are excuses for France's apologists and bases for indictment of a French government which, seeking to be all things to all people, serves France badly.

-:-

CRITICS OF FRANCE must be reminded that, while West Germany's economy has had a free turn toward postwar recovery, France has for six years had to support a bloody, expensive jungle war in Indochina. Whereas the German Federal Republic has no army, and now pays little in Allied occupation costs, France last year devoted more than eight per cent of her total production to the war in Asia and its defense buildup in Europe. Critics who minimize the latter percentage by comparing it with America's 17 per cent devotion of national product to defense leave out of account the fact that France, with one-third of America's population, has only one tenth of the U.S. productive capacity.

On the other side of the ledger, even Frenchmen admit that, while West Germany's Chancellor Adenauer heads a stabilized government with a fixed purpose, France's successive premiers must devote their time to satisfying the political groups which keep them in power.

The result is an economic hodgepodge: The worker revels in government-granted social security, and groans under a tax system that makes him the goat; the businessman can by his way out of one type of taxation but his initiative and expansion are throttled by another; the farmer, the wine grower and the exporter all get government subsidies, and are beaten down by a creeping inflation that has destroyed the franc and paralyzed French credit.

-:-

ON THE SURFACE, French and German manufacturers seem to start out as equal beneficiaries of wage rates that are low in both countries. But the French employer pays something extra: a series of social security costs levied by successive governments seeking labor favor with new plans to provide the French worker with payments when he is sick, payments when he is disabled, payments when his wife has a baby, payments when he is unemployed, and a pension when he retires.

One electrical manufacturer estimates that, for every 100 francs he pays a worker in direct wages, he contributes another 250 francs in social security payments for that worker. In addition, French law provides that, if he fires a lazy worker, he must pay him three months basic severance pay plus another month's wages for each year the man has been on the payroll.

"The result," says the manufacturer, 'is that I rarely hire anyone new."

The French tax system guarantees that France is no workers' paradise. Whereas the U.S. gets about 70 per cent of its revenue from income taxation sharply graduated to soak the rich, France gets 70 per cent of her revenue from indirect, or sales, taxes, that hit the little man. French income taxes are not so steeply graduated and France has never figured out the American way of efficient collection.

"You in America," apologizes a French official, 'keep good records; Frenchmen do not; it is the French character."

The methods of a small Paris shopkeeper illustrate what this official means.

A customer comes in and buys; the shopkeeper drops the money in a drawer. The collector from the light company comes around and the storekeeper takes money out of the drawer. His wife comes for grocery money and he takes that out of the drawer too. At the end of the day neither he, nor the tax collector, could compute his sales receipts, his business costs, or his profit.

-:-

MOST RECENTLY France's government has taken a new approach to tax collection: What it calls the "way of life." If a man has an automobile, two houses and a servant, he must, the government calculates, be making a certain amount. That becomes the basis of a tax bill; then the taxpayer "negotiates," sometimes with a little "under the table" persuasion, and finally pays.

Contributing mightily to today's German recovery is the fact that Germany has twice put her mark through the "wringer." It happened in the 1920's and again after World War II when military government suddenly and brutally "stabilized" the currency. Each time German savings were wiped out and creditors lost their shirts.

The result was money with firm value.

The French government which can never afford to alienate any group openly has never done such a thorough job. The result is a steady whittling of the franc from its 25-cent value prior to 1919 to three-tenths of one cent today. The Frenchman who bought, and kept, a government bond of 1914 could could get for it today one three-hundredth (in terms of purchasing power) of the amount he put into it.

The result is that, while German businessmen can get credit, Frenchmen are loath to loan in a money market where the long-term credit means certain loss.

A stabilized government that could stay in office long enough to weather public protest against initial reforms, and reap the benefits of their ultimate results, could, it is agreed here, get France back on an even economic keel. Until that happens, it is algo agreed, Germany will continue to win the battles of the new economic war.

The probe into trotting track scandals in New York State shows that one officeholder got $10,000 for introducing two men. He didn't want them to go on as strangers in Paradise. Another politician got a $600,000 return on a $37,000 investment, mostly borrowed. That's what we call turning a sulky into a diesel yacht. Then there was the case of a coal dealer who got $6,500 a year as a trotting track assistant secretary, $12,000 a year for directing bus parking, and who is the largest holder of non-voting stock in one track. Maybe his experience as a coal dealer will help him to solve the "heat" problem now besetting the track.

Democratic Club Plans Rally in Fall

Plans for a rally to be held in the fall were discussed when the Marion County Democratic Club met Friday night in the community room over the West Town Branch of the National City Bank.

A committee in charge of arrangements was appointed by the president, C. R. Thomas Jr., composed of Thomas Finch, Harold Smith and Thomas Fetter.

A special guest was Thomas Dowd of Kenton, Democratic congressional candidate from this district. Introduced by Mr. Fetter, he gave a brief talk, after which local candidates were introduced.

A social hour followed and refreshments were served. The next meeting will be April 2 in the West Town Bank community room.

Course in First Aid Offered to Students

Courses in first aid and home care of the sick will be conducted by the Red Cross at Harding High School, it was announced today. Both are open to seniors and faculty members and will be conducted on the members' own time. The hours are from 3:30 to 4:30 in Room 116.

The course in first aid will get under way Monday, March 8, and will be in charge of Miss Virginia O'Dowd and Harold Edwards, of the public school staff. The courses are free but students will be asked to purchase their own text books. Classes will be held on Mondays and Wednesdays.

The class in home care of the sick will get under way later in the month.

ED HARDING
Executives' Club Speaker

Executives' Club Is Entertained by Humorist Harding

To feel that life is really worth living, everyone needs "Hardingitis" Marion Executives' Club members were told by humorist Ed Harding at their monthly dinner meeting Friday night at Harding Hotel.

Mixing a bit of philosophy with laugh-provoking stories, the humorist said, "Hardingitis isn't a disease, but a frame of mind which permits everyone to be himself at all times."

"It could just as easily be called Whiteitis, Brownitis or Smithitis depending on the name of the person who adopts the idea," he explained.

Recounting something like 80 jokes and 69 thumbnail sketches of the sons of U. S. presidents, Harding kept club members laughing throughout his talk.

Introduced by Harley G. Roby, club president, Harding first said it seemed only right that a Harding should speak in Marion but went on to say, "I'm no kin to former President Harding either by blood or politics." The humorist is a native of Washington, N.C.

In his philosophy on life, he said everyone must try to improve on their fathers and to do this we must have vision, must keep in good health, always in a good humor and maintain an active and happy mind.

The next meeting of the club will be April 22 at the Marion Country Club and will be guest night.

Massachusetts 'Witches' Cleared 262 Years Late

BOSTON (AP)—The Massachusetts Legislature, some 262 years late, is moving to rest the wraiths of Salem's witches.

The Committee on Constitutional Law yesterday approved a bill clearing the names of those hanged as witches in 1692. Specifically mentioned in the measure is Ann Pudeator "and others."

Legislators indicated there would be no opposition to the gesture.

Two Marion ministers were quoted in recent copies of a nationally circulated religious publication, Christian Science Sentinel.

Paragraphs from sermonettes by Rev. J. Paul Goebel of First Evangelical and Reformed Church and Rev. W. Lincoln Stafford of Wesley Methodist Church were reprinted in the section of the magazine designated as "Signs of the Times." These sermonettes appeared originally on the church page in Saturday issues of The Marion Star.

$300 Given By Club for Polio Center

A part of the Advance Club's philanthropic work this year was the presentation of a gift of $300 to the Magnetic Springs Polio Foundation. The major portion of the gift was realized on a benefit card party held Feb. 25 in the Women's Club Home and the remainder through individual gifts and a silver tea for the members. Forty tables were filled for cards at the benefit.

Members of the club learned of the results of their work when Mrs. Forest Loudenslager, Mrs. Harold D. Carroll and Mrs. B. Peterson made their report at a meeting Monday afternoon. Hostess was Mrs. Carroll of Bedford Ave. Mrs. Loudenslager expressed her appreciation to the members for their help and contributions and Miss Elizabeth Ammann gave a talk on the club's plans for taking part in the annual community fine arts day. A special gift, presented by Mrs. John Salisbury, was awarded to Mrs. Peterson.

Plans were outlined for the observance of guest day March 17, at Hotel Harding. Arrangements are in charge of Mrs. H. R. Finney, Mrs. W. R. Thrush, Mrs. Robert Clark and Mrs. E. O. Uncapher, members of the social committee.

Mrs. Henry Mickley, chairman for the program, presented Mrs. Roy Holdridge who reviewed "Come to the Country" by Mattie Wallace.

RICHWOOD SERVICES

A service of baptism Sunday at the Richwood Baptist Church will be conducted by Rev. John Williams, pastor of the LaRue Baptist Church. The service will begin at 7:30 p.m. and Rev. Williams also will deliver the message.

Baker Named Head Of Morrow Board

MT. GILEAD — Ralph Baker of Perry Township was renamed president of the Morrow County district advisory council to the Health Department at their annual meeting held this week at the courthouse.

George Beck of Franklin Township was named secretary. Mrs. Louise Saltz of Marengo was elected to the board from Bennington Township and Mrs. Martha Shade of Franklin Township was appointed to fill the unexpired term of Clarence Beam.

Dr. Robert A. Vogel, health commissioner, reported to the council on the activities of the Health Department during 1953. Recent health legislation was discussed.

Back on the Beat

By George Sokolsky

J. Edgar Hoover, year by year, calls attention to the increase of juvenile delinquency and his statements fall on dullened ears. Nobody does much about it, perhaps because this country is becoming accustomed to crime. In fact, crime has become a principal form of amusement.

SOKOLSKY

Frank Hogan, District Attorney of New York County, apparently assumes that he will lessen this interest in crime by withholding news in advance of trials. Actually, he will succeed only in heightening interest in crime because suppression always whets the appetite. He picked a poor subject for a test of censorship, the murder of the Bodenheims, which, while gruesome, produced no sustaining excitement. To most, Max Bodenheim was just a funny looking drunk and his alleged, if you please, murderer a poor sap.

—:—

WHAT WITH MURDER a daily fare on the air, the private-eye story being a substitute for the tiresome soap opera and a means to avoid controversy, with many toys imitations of murderous weapons, with comics for children emphasizing murder, it is not surprising that crime is increasingly fashionable and that young boys strut their heroics before boy-crazy teen-agers as was done in other periods when the man who killed rode on a horse, while the man of peace was an object of ridicule.

Here in New York, we are going through a police revolution which may die on the vine as such things often do or which may bring about a startling change of attitude toward crime. We have a new mayor who may produce a better-policed and a cleaner city or who may weary of the effort because of lack of interest among the citizens who usually like to complain but rarely support an effort to correct the things complained about. If given half a chance, this police revolution can do much to lessen crime in this big city and perhaps set an example for the country.

—:—

ROBERT A. WAGNER, the new mayor, is a difficult man to understand because his training has been in Tammany Hall. Before becoming mayor, not too much was expected of him. In fact, it looked as though we were in for another Tammany regime, not as colorful as that of Jimmy Walker or Bill O'Dwyer, but more honest.

When it came to making appointments, however, Robert Wagner hit the city a wallop. He appointed a set of unusually competent men without regard to political affiliations. And as police commissioner, he appointed a complete outsider, Francis W H. Adams, a man without police experience but who has studied police problems since the days when he was in the Department of Justice. He hates crime like a G-man.

Adams established it on the very first day that he went to work that he expected the police force to be a disciplined organization, responsible for the peace of the city and the suppression of crime.

—:—

THAT MEANT PUTTING the policeman back on the beat, a walking policeman who will know the storekeepers and the janitors and the children who play on the sidewalks. It means watching a kid grow into a fierce punk and stopping the process before a jail sentence becomes inevitable. It means getting wise to marijuana and heroin pushers and catching up with them before a murder is committed. It means a humane understanding of all the complex problems of a big city and catching them on the beat, which is where they express themselves first.

That is police work and good policemen like that kind of work. Those who do not like it should get themselves jobs elsewhere. Adams abolished the police band and glee club because the city is short of policemen and these men were hired for policing. If a band is needed for an occasion, it can be hired from Petrillo's union. Discipline and order with the force became the watchword and of course that started trouble, which the mayor faced staunchly.

In many cities, motorization of the police force has made the police impersonal and remote from the citizens. A police officer cannot know children when he is in a prowl car. He cannot watch the recruiting criminal by a glance out of his left eye. The return of the cop to the beat can be the first great forward step in the battle to save our children from the forces of corruption.

Lenten Meditations

This is one in a series of Lenten meditations prepared by the members of the Marion County Ministerial Association for publication in The Star.

There's Your Christians

REV. CLYDE R. WENDELL
Pastor of Calvary EUB Church

"Having a form of godliness, but denying the power thereof."—2 Tim. 3:5.

Less than three hours journey from Berlin, Germany, lies a strange group of villages called "Little America," with such names as Saratoga, Jamaica, Hampshire and Florida.

The typical North German houses are occupied by descendants of a group who desired to emigrate to America, but were forbidden to do so by Frederick the Great. Instead, he offered them land along the River Oder, gave all the villages American names, and said: "There's your America."

Similarly, there are some who have never really left the land of sinful, worldly desires and practices, but have appropriated the name Christian, "having a form of godliness, but denying the power thereof." "They profess to know God, but they deny Him by their deeds." And worldly people say, "There's your Christians!"

PRAYER: Gracious Father, help me to be so surrendered to Thee that my life may show forth what my lips profess. Amen.

Rev. Wendell Gives Message At Service for Day of Prayer

The theme, "That They May Have Life" was presented by Rev. Clyde Wendell when he spoke at the World Day of Prayer service Friday afternoon at Calvary EUB Church. The service, sponsored by the Marion County Council of Church Women, was attended by 200 persons. Rev. Wendell is pastor of the host church.

"Prayer is not predicated upon the existence of a divine ear, but upon the willingness of the individual to yield himself to God, he said. "Prayer brings life only as we are in harmony with God and our fellowmen. Prayer becomes a farce instead of a force, when it becomes the whine of a beggar.

"Prayer is more than aesthetic stimulation from the out-of-doors. it is more than an adventure in magic. We must preface it with surrender.—'not my will, but thine be done' Then, prayer has more than subjective value; it changes not only the person praying, but changes people and things about him, bringing life to all."

Mrs. Richard Slack presided in the absence of Mrs. Darrell Vermillion, world missions chairman. Mrs. Richard Zachman and Mrs. Mary Huff presented the scripture, and prayers for specific world needs were given by Mrs. J. B. Holloway, Mrs. Edith Bush, Mrs. Lulu Williamson, Mrs. O. R. Cross, Mrs. H. L. Ludwig, and Mrs. Clark Fouts. A double mixed quartet from Harding High School sang two numbers, "I Need Thee Heavenly Father," Lowell, and "Jesus, Lover of My Soul." Wesley-Weaver. Members of the group were Jean Bibbee, Sally Barton, Dolores Cosey, Sally Waddell, Paul Foster, Glen Dalton, Dave Hanning, and Joe Snouffer, Carolyn Jones was accompanist.

Mrs. J. W. Baker presided at the organ and singing was directed by Mrs. H. L. Ludwig. Mrs. Slack made the offering presentation. Ushers were Mrs. Grace Zachman, Mrs. C. L. Bartlett, Mrs. Ray Martin, Mrs. Glen Riddle, Mrs. H. W. Taber, and Mrs. Harry Woodall. Rev. W. L. Stafford, pastor of Wesley Methodist Church, gave the benediction.

Farmers Hear OSU Experts

Talks Given on Pest Control, Grass Crops

About 30 Marion County farmers heard discussions on insect control, fertilizers, feeding and seeding yesterday at Green Acres Day in the YMCA.

Three Ohio State University specialists took part in the panels which lasted from 10 a.m. to 3 p.m. Earl Jones, soils and crops expert, discussed fertilizer in today's farming. Entomologist T. H. Parks explained insect control on field crops. C. L. Blackman, animal husbandry specialist, talked on feeding grass crops.

Another panel, including W. L. Williams, soil conservation service; Paul Smith, Mt. Gilead feed dealer; and Dwight Heckathorn, chairman of the Green Acres committee, discussed recommended mixtures and seeding methods.

A luncheon was held at the YMCA between the morning and afternoon sessions.

Purpose of the Green Acres program is to increase farm income through: 1. Getting maximum yields from each acre; 2. Keeping soil in top condition; 3. Using each acre to best advantage; and 4. Growing crops most profitable to the individual farm.

The U.S. marriage rate in 1953 was about 9.7 per 1,000 population compared with about 9.8 per 1,000 of population in 1952.

Saturday Morning

By Ed Creagh

(For Hal Boyle)

WASHINGTON — Ahhhh . . . Saturday morning..

Wonder what time it is. Wish I was turned over so I could see the alarm clock. Can't be very late—don't hear kids. Time for another little snooze. Wonderful thing, Saturday morning. Nuts to the alarm clock. Bet alarm clocks hate Saturdays. Must feel frustrated. Cock of the walk five days a week, bound and gagged Saturday. Idea there: Alarm clock unburdening its soul to psychiatrist. Must write it someday. Not now, though.

(Offstage voice: "Daddy! you sleeping, Daddy? Come and play with I.")

Huh? Oh, yes. Better get up. Ought to play with the little guy. Fathers should play more with their kids. Don't know what they're missing. Important to the kid, too. Kids spend too much time with women. Shows up in later life. This morning, though, got lots of work to do. Been letting it go lately. Let's see. First thing to do is—

(Offstage voice: "Ahoy, up there! Shall I keep the coffee hot? It costs money these days, you know!")

Nnnnh? Somebody talking to me? No, dreaming, I guess. Didn't sleep well. Pitching and tossing. Why'd we have to stay out so late? Not my idea. That character who showed up at the Bennett's, though—couldn't let him get away with the nonsense he was spouting. Bullheaded. Kept contradicting me. Shouldn't have argued with him, I suppose. Meant to give up talking about McCarthy for Lent.

(Offstage voice: "Daddy! Daddy! I bwoke it. I bwoke my airoplane. You fix it, Daddy?")

Oh, brother. That airplane. Meant to fix it last Saturday, but—got to fix that gate, too. Really need a winch for that, though. Wonder where I can borrow a winch? Better let that go and paint the picket fence. Not much of a job once I get started. Have to see if there's a brush in half - decent shape, though. Bet there isn't. Best idea would be to put that screen door stopper on. Wonder where it is. Boy was playing with it. Probably in his toy-chest.

(Offstage voice: "—Man from the cleaners. Look, you've GOT to let them have that corduroy jacket. You can hardly bend your arms in the sleeves.")

Huh? Sleeves? What's this? Always a commotion around this place. Man can't even catch an extra 40 winks on a Saturday morn—

Hey! What goes on? Quarter to 12! Why didn't somebody call me! You knew I wanted to get up early this morning—had a million things to do! A million things!

News of the District

Upper Sandusky

Miss Naomi Rowe, daughter of Mr. and Mrs. Elbert Rowe of northwest of Upper Sandusky, became the bride of Donald Bower, son of Mr. and Mrs. Asa Bower of Monocue. The wedding took place in the Harpster Methodist Church Saturday Feb. 27 at 5:45 p.m. Rev. B. F. Crawford, pastor of the church, officiated. Attending the couple were Miss Margie Bowen, close friend of the bride, and Leon Rowe, brother of the bride.

A reception for about 90 guests was held at the home of the bride's parents.

The new Mrs. Bower is a graduate of Salem High School with the class of 1952. Mr. Bower entered the service in 1951 and spent 19 months in Germany. He is employed at the Swan Rubber Co. in Bucyrus. Upon their return from a wedding trip they will reside in this city.

—:—

Three new members were formally initiated into the Tri-G Mothers Club at the March meeting held at the home of Mrs. Harold Stone. They were: Mrs. Marvin Swihart, Mrs. Carlos Baker and Mrs. Richard Schmidt. Officers elected for the coming year are: president, Mrs. Phil Cavanaugh; vice president, Mrs. Ronald White; secretary, Mrs. William Schmidt, Jr. corresponding secretary, Mrs Carlos Baker; treasurer, Mrs. Don Rife; historian, Mrs. Vernon Koehler.

Sandra Kay Courtad was honored with a birthday party Tuesday when her parents, Mr. and Mrs. Dale Courtad, entertained at their home honoring her seventh anniversary.

—:—

Father's night was observed at the March meeting of the South School PTA. The following new officers were elected for the coming year: president, John Miller; vice president, Mrs. Ralph Ritterspach; secretary, Mrs. Ralph Stoneburner, and treasurer, Ralph Lear. The installation will be held at the April meeting.

The fathers had charge of the program session. A feature was a one-act play entitled "Mellerdramer." The cast included: Russell Pool, Eugene Lawrence, John Miller, John Beard, Ed Wolfe, Carl Huffman, Fred Cattran, Ralph Lear and Richard Brown.

The guest speaker was Judge Russell H. Kear. His topic was, "Teaching Children To Obey the Law."

Mrs. Trellis Miller was elected president of the Sushine Club here Wednesday night.

—:—

Announcement is being made here by Mr. and Mrs. Egar T. Barwick of the engagement of their daughter, Joan, to Mavin Q. Lare, son of Mr. and Mrs. Sherman Lare of near Louisville, O.

Miss Barwick is a 1952 graduate of Mount Union College at Alliance, where she was a member of Alpha Delta Pi sorority. She now is employed in the clerical department at the Timken Roller Bearing Co. Mr. Lare, a pre-ministerial student at Mount Union college, is serving as pastor of churches at New Franklin, O., and Paris, O.

The couple will be married in June.

Miss Marilyn S. Baker, student at Ohio State University, was one of 87 women students in the winter quarter at the university to be initiated by 29 sorority chapters on the campus. Miss Baker became a member of Alpha Chi Omega.

Galion

Of interest here is the marriage of Miss Helen Louise Blackhall and Ivan Oxaal. The couple exchanged vows last October in Richmond, Ind. The former Miss Blackhall is the daughter of Mr. and Mrs. James M. Blackhall who moved from the Hosford Road, southwest of Galion, last fall, to LaGrange, Ill. She was graduated from Galion High School in 1951. Mr. Oxaal is the son of Mr. and Mrs. Arne Oxaal of Galion. He attended Galion High School, and was graduated from Kenton High School in 1949.

Both Mr. Oxaal and his bride are members of the senior class at Ohio State University, Columbus. They are continuing their studies.

—:—

Announcement is received here of the birth of a third son, March 3, in Lakewood Hospital, to Mr and Mrs. John Moran of Lakewood The mother is the former Lois McClarren of Iberia, daughter of Mr. and Mrs. Ted McClarren.
